

# Healthcare IOT Security Market Demand, Industry Research, End User Application and Regional Analysis to 2027

*Healthcare IOT Security Market by Security Solutions (Network, Application), Security Services (Risk Assessment, Consulting), and Region - Forecast to 2027*

PUNE, MAHARASHTRA, INDIA,  
December 21, 2016 /EINPresswire.com/  
-- Market Highlights

“ We enable our customers to unravel the complexity.”

Market Research Future

IOT is quickly being adopted by significant healthcare organizations for the patient health management and to upgrade the operational proficiency of these associations. Cost efficiency, unwavering quality and better health management of the patients are a standout amongst the most essential objectives that can be accomplished with the assistance of IOT utilization in the healthcare sector.

Key Players in market are Symantec Corporation, Trend Micro Inc, Inside Secure SA, Cisco Systems Inc, IBM Corporation, Intel Corporation, Sophos Group plc, Oracle Corporation, Kaspersky Labs. ”

*Market Research Future*

Key Players in Market

The prominent players in the Healthcare IOT Security Market are:

- Symantec Corporation
- Trend Micro Inc.
- Checkpoint Software Technology

- Inside Secure SA
- Cisco Systems Inc.
- IBM Corporation
- Intel Corporation
- Sophos Group plc.
- Oracle Corporation
- Kaspersky Labs

Industry News

- North America in the year 2015, Risk Assessment Services generated the largest revenue as to assess the security risks related big data generated from the IOT devices in the healthcare sector

- In the Europe region IOT Services are expected to grow at a high CAGR during the forecast period to understand and mitigate risks related to healthcare compliance requirements
- Asia-Pacific Network security induced maximum revenue in 2015 in this region to secure the healthcare data when passing through the networks

## Regional Analysis

North America is a major market share holder followed by Europe and Asia Pacific. The main reason which is driving the high adoption of Healthcare IOT is increase of chronic disease management of elderly population. In the year 2013, the cost associated with chronic diseases and asthma in Europe region was more than US \$100 billion and cost associated with dementia was more than US \$30 billion. Going further APAC has become the global hub for the clinical trials which is inviting many big companies in this region. Also, APAC holds more than 40% of global population and rise in the chronic disease is making the Healthcare IOT market grow.

Taste the market data and market information presented through more than 85 market data tables and figures spread in 150 numbers of pages of the project report. Avail the in-depth table of content TOC & market synopsis on "[Global Healthcare IOT Security Market Report - Forecast to 2027](#)"

## Table of Contents for Healthcare IOT Security Market

1. Report Prologue
2. Global Healthcare IOT Security Market: Introduction
  - 2.1 Definition
  - 2.2 Scope of the Study
    - 2.2.1 Research Objective
    - 2.2.2 Assumptions
    - 2.2.3 Limitations
  - 2.3 Market Structure
  - 2.4. Market Segmentation
    - 2.4.1 Market Segmentation on the Basis Of Security Solutions
    - 2.4.2 Market Segmentation on the Basis Of Security Services
3. Global Healthcare IOT Security Market: Research Methodology
  - 3.1 Research Process
  - 3.2 Primary Research
  - 3.3 Secondary Research
  - 3.4 Market Size Estimation
  - 3.5 Forecast Model
4. Global Healthcare IOT Security: Market Dynamics
  - 4.1 Drivers
  - 4.2 Restraints
  - 4.3 Opportunities
  - 4.4 Mega Trends

4.5 Macroeconomic Indicators

4.6 Important Pointers by Industry Experts

5. Global Healthcare IOT Security: Market Factor Analysis

5.1 Value Chain Analysis

5.2 Porters

6. Global Healthcare IOT Security: By Security Solutions (US \$ Million)

7. Global Healthcare IOT Security: By Services (US \$ Million)

About Market Research Future:

At [Market Research Future \(MRFR\)](#), we enable our customers to unravel the complexity of various industries through our Cooked Research Report (CRR), Half-Cooked Research Reports (HCRR), Raw Research Reports (3R), Continuous-Feed Research (CFR), and Market Research & Consulting Services.

MRFR team have supreme objective to provide the optimum quality market research and intelligence services to our clients. Our market research studies by products, services, technologies, applications, end users, and market players for global, regional, and country level market segments, enable our clients to see more, know more, and do more, which help to answer all their most important questions.

In order to stay updated with technology and work process of the industry, MRFR often plans & conducts meet with the industry experts and industrial visits for its research analyst members.
