## Synopsis

This report reviews the performance and asset allocations of HNWIs and ultra-HNWIs in China. It also includes an evaluation of the local wealth management market.

## Summary

This report is the result of extensive research covering the high net worth individual (HNWI) population and wealth management market in China.

## Scope

- Independent market sizing of the Chinese HNWIs for five wealth bands
- HNWI volume, wealth and allocation trends from 2011 to 2015
- HNWI volume, wealth and allocation forecasts to 2020
- HNWI and UHNWI asset allocations across 13 asset classes
- Geographical breakdown of all foreign assets
- Alternative breakdown of liquid vs investable assets
- Details of the development, challenges and opportunities related to the wealth management and private banking sector in China
- The size of Chinese wealth management industry
- Information on private banks
- Detailed wealth management and family office information
- Insights into the drivers of HNWI wealth

## Reasons to Buy

- [China Wealth](#) Report 2016 is an unparalleled resource, and the leading resource of its kind.

Compiled and curated by a team of expert research specialists, the report comprises a wide variety of data, created based on over 125,000 HNWI's from around the world in WealthInsight's database.

- With the wealth reports as the foundation for its research and analysis, WealthInsight is able to obtain an unsurpassed level of granularity, insight and authority on the HNWI and wealth management universe in each of the countries and regions it covers.
- The report reviews the performance and asset allocations of HNWI's and ultra-HNWI's. The report also includes projections of the volume, wealth and asset allocations of HNWI's to 2020, and a comprehensive background of the local economy.
- The report provides an overview of the private banking and wealth management sector.

### Key Highlights

- There were 1,361,460 HNWI's in China in 2015, who collectively held US\$5.0 trillion in wealth.
- The Chinese HNWI population decreased by 1.0% in 2015, following a 4.2% increase in 2014.
- The Chinese HNWI population is forecast to grow by 19.5%, to reach 1,644,465 in 2020, while HNWI wealth is projected to grow by 31.0% to reach US\$6.7 trillion.
