

Alloys for Automotive Market Expected to Register a Growth Rate of 7% from 2016 And 2022

Alloys for Automotive Market by Type (Iron, Titanium), Application (Chassis, Powertrain), Vehicles (Passenger Vehicle) and Region - Global Forecast to 2022

PUNE, MAHARASHTRA, INDIA,
December 22, 2016 /
EINPresswire.com/ -- Market Research

Future published a Half Cooked Research Report on Alloys for Automotive Market. The [Global Alloys for Automotive Market](#) is expected to grow at a CAGR of about 7% during the forecast period, 2016 to 2022.

“ We enable our customers to unravel the complexity.”

Market Research Future

Market Highlights

Key Players in market are ArcelorMittal SA (Luxembourg), Aditya Birla Group (India), Alcoa Inc. (U.S.), UACJ Corporation (Japan), ThyssenKrupp AG (Germany), Kobe Steel, Ltd. (Japan)”

Market Research Future

Alloys are used in automotive industries for various applications such as to reduce the cost of metal and to provide mechanical strength, resistance to corrosion and reduction in overall weight of vehicle. The growing demand of energy efficient vehicles with improved overall performance and government regulations for environment safety such as reduce air pollution are major factors driving the alloys for automotive market.

Scope of the Report

This study provides an overview of the Alloys for Automotive industry, tracking market segments across the

categorized five geographic regions. The report provides a five-year forecast for the market size in terms of value for North America, Europe, Asia-Pacific, Middle East & Africa, and South America. The scope of the study segments the Alloys for Automotive market based on Type, Application and Vehicles.

Key Players

The leading players in the Alloys for Automotive market are:

- ArcelorMittal SA (Luxembourg)
- Aditya Birla Group (India)
- Alcoa Inc. (U.S.)
- UACJ Corporation (Japan)
- ThyssenKrupp AG (Germany)
- Kobe Steel, Ltd. (Japan)

- Norsk Hydro ASA (Norway)
- AMG Advanced Metallurgical Group NV (Netherlands)
- Constellium (Netherlands)
- AGCO Corporation (U.S)

Taste the market data and market information presented through more than 40 market data tables and figures spread in 100 pages of the report. Avail the in-depth table of content TOC & market synopsis on "[Alloys for Automotive Market Information- Global Forecast to 2022](#)"

About Market Research Future:

At [Market Research Future \(MRFR\)](#), we enable our customers to unravel the complexity of various industries through our Cooked Research Report (CRR), Half-Cooked Research Reports (HCRR), Raw Research Reports (3R), Continuous-Feed Research (CFR), and Market Research & Consulting Services.

MRFR team have supreme objective to provide the optimum quality market research and intelligence services to our clients. Our market research studies by products, services, technologies, applications, end users, and market players for global, regional, and country level market segments, enable our clients to see more, know more, and do more, which help to answer all their most important questions.

In order to stay updated with technology and work process of the industry, MRFR often plans & conducts meet with the industry experts and industrial visits for its research analyst members.
