The analysts forecast the global [commercial beverage blender](#) market to grow at a CAGR of 8.29% during the period 2016-2020.

Commercial beverage blenders are gaining significant prominence among various food service establishments that have considerably high demand for beverages like smoothies and frozen beverages. These food service establishments need to provide consistent quality of blended beverages by pulverizing even the hardest ingredients to provide a fine and smooth texture. Moreover, many food service establishments are also expanding their menu offerings and including blended beverages in their menu.

Covered in this report

The report covers the present scenario and the growth prospects of the global commercial beverage blender market for 2016-2020. To calculate the market size, the report considers the revenue generated from the sales of new units of commercial beverage blenders to end-users like juice bars, pubs, and clubs, restaurants, hotels and catering companies.

The market is divided into the following segments based on geography:

- APAC

Key questions answered in this report

- What will the market size be in 2020 and what will the growth rate be?
- What are the key market trends?
- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?
- What are the market opportunities and threats faced by the key vendors?
- What are the strengths and weaknesses of the key vendors?

Table of Contents

PART 01: Executive summary

- Highlights

PART 02: Scope of the report

- Market overview
- Common currency conversion rates
- Top-competitor offerings

PART 03: Market research methodology

- Research methodology
- Economic indicators

PART 04: Introduction

- Key market highlights
- Geographical segment analysis
- Competitive analysis of global commercial beverage blender market by end-user

PART 05: Market landscape

- Market overview
- Five forces analysis

PART 06: Market segmentation by container construction

- Market overview
- Overall analysis of commercial beverage blenders by container type

PART 07: Market segmentation by capacity

- Market overview

PART 08: Market segmentation by end-user

- Global commercial beverage blender market by end-user
- Juice bars, pubs, and clubs
- Restaurants
- Catering companies
- Hotels

PART 09: Geographical segmentation

- Commercial beverage blender market in North America
- Commercial beverage blender market in APAC
- Commercial beverage blender market in Europe
- Commercial beverage blender market in ROW

PART 10: Key leading countries

PART 11: Market drivers

- Increase in food service outlets offering blended beverages
- Strategic alliances
- High profit margins in smoothies and frozen beverages

PART 12: Impact of drivers

PART 13: Market challenges

- Prevailing market for used commercial beverage blenders
- Quick wear and tear of beverage blender components

- Leakage of Teflon flecks

PART 14: Impact of drivers and challenges

PART 15: Market trends

- Jar free technology
- Advanced blending innovations
- Increasing focus on noise reduction technologies
