

Pemeco Awarded Best Manufacturing ERP Consultancy - East Canada

Corporate Vision Magazine announced that Pemeco was awarded its 2016 Small Business Award for Best Manufacturing ERP Consultancy - East Canada

TORONTO, ONTARIO, CANADA, December 23, 2016 /EINPresswire.com/ -- Corporate Vision Magazine announced that [Pemeco](#) was awarded its 2016 Small Business Award for Best Manufacturing ERP Consultancy – East Canada. Read Corporate Vision’s [award profile](#).

Pemeco was independently nominated, voted upon by industry players and evaluated based on its past 12-month performance, commitment to innovation and service delivery methods.

Corporate Vision has this to say about its rigorous awards process “We’re fiercely passionate about recognising outstanding achievement, game-changing innovation and stellar performance, and all of our awards are carefully tailored to provide detailed and in-depth analysis of the very best each market, industry, sector and region has to offer.

“

We’re proud to receive this recognition from Corporate Vision Magazine. This award validates the quality of our service and our strategy
Jonathan Gross

We take choosing our winners very seriously and every single one is chosen on merit. As we said, we’re only interested in recognising the very best so, no matter how big a business is, nobody can buy their way to success.”

Jonathan Gross, Pemeco’s Managing Director, commented on Pemeco’s award “Day-in-and-out, our team successfully leads our clients through complex and transformative ERP projects. We’re proud to receive this recognition from Corporate Vision Magazine. This award validates the quality of our service and our strategy.”

Pemeco is a vendor-neutral consultancy that leads its clients through complex business transformation projects with ERP and other enterprise software. Pemeco's clients are market leaders in manufacturing and distribution verticals including automotive, aerospace and defense, high-tech and electronics, consumer goods, home decor and furnishings, medical equipment, plastics and rubbers, pulp and paper, and industrial equipment.
