Recently, in December 2016, SGS group has implemented new verification program for import business and has replaced existing pre-shipment inspection program. Under this new verification process a non-intrusive inspection process is performed on arrivals of goods to Cameroon.

It has also acquired Laagrima, headquartered in Morocco to diversify its testing business to food and hospitality market. Other major market players such as BSI Group, SAI Global Limited, MISTRAS Group, Inc., and UL LLC among others is also investing and developing testing & inspection methods which thereby is fuelling the market growth.

Testing, Inspection & Certification (TIC) Market:

The Testing, Inspection & Certification (TIC) can be segmented into types and end-users. Types of Testing, Inspection & Certification (TIC) available in the market are in-house testing and outsourced testing among others. End-user segment is categorized into Oil & gas, aerospace, food & beverage, automotive, petroleum and textile among others.

Taste the market data and market information presented through more than 40 market data tables and figures spread over 100 numbers of pages of the project report. Segments for Testing, Inspection and Certification (TIC) Market:

Segmentation by Types:

- In-House
- Outsourced

Segmentation by End-Users

- Oil & Gas
- Aerospace
- Food & Beverage
- Automotive
- Petroleum
- Textile

About Market Research Future:

At [Market Research Future \(MRFR\)](#), we enable our customers to unravel the complexity of various industries through our Cooked Research Report (CRR), Half-Cooked Research Reports (HCRR), Raw Research Reports (3R), Continuous-Feed Research (CFR), and Market Research & Consulting Services.

MRFR team have supreme objective to provide the optimum quality market research and intelligence services to our clients. Our market research studies by products, services, technologies, applications, end users, and market players for global, regional, and country level market segments, enable our clients to see more, know more, and do more, which help to answer all their most important questions.
