

The Control Valve Market is expected to reach USD 10 Billion by 2022 at a CAGR of 6%

Global Control Valves Market, by Type (Ball Valve, Butterfly Valve, Globe Valve, Cryogenic Valve), by End-User, by Components - Forecast 2022

PUNE, MAHARASHTRA, INDIA, January 3, 2017 /EINPresswire.com/ -- Market Highlights

The global market for [Control valve market](#) is expected to grow over the CAGR of around ~6% during the period 2016 to 2022 and expected to grow at market size of USD ~10 billion in 2022.

The Global Control valve market has been evaluated as growing market and expected that the market will touch high growth figures in Asia-Pacific region during forecast period.

Global Control Valve Market expected to Expand at 6% CAGR during 2016-2022"
Market Research Future

Key Players for Control Valve Market:

- Burkert Fluid Control Systems (Germany),
- Crane Co. (U.S.),
- Velan, Inc. (Canada),
- Bentair Limited (UK),
- Elowserve Corporation (U.S.),
- Dual Products Intl. Cc (South Africa),
- Metso Corporation (Finland),

- Samson AG (Germany),
- MIL Control Limited (India),
- IMI Plc. (UK) among others.

Industry News

Recently in November 2016, Burkert fluid control systems has completed partnership with Siemens to maximize system availability and process reliability of pneumatic controllers. After engraved with Siemens I/O systems, these valves are going to serve food & beverage, pharmaceuticals and chemical industry. It has also expanded its product spectrum to include electromotive two-way membrane valves in its product profile.

Taste the market data and market information presented through more than 50 market data tables and figures spread in 110 numbers of pages of the project report. Avail the in-depth table of content TOC & market synopsis on "[Control Valve Market Research Report- Global Forecast to 2022](#)"

Target Audience:

- OEM manufacturers

- Automotive industries
- Distributors & Suppliers
- Research organizations
- Government
- Oil & gas and mining sectors

Commenting on the report, an analyst from Market Research Future (MRFR)'s team said: "The growing demand of control valve in oil & gas sector followed by power generation industry is the key trend for the market growth. Other industry such as automotive, pharmaceuticals, and chemical is showing high growth opportunity for control valve market. Rising investment in automation by industries is driving the control valve market. Growing development of oil extraction infrastructure and increasing government concern & support towards heavy investment in the sector is supporting American & Asia-Pacific countries to develop strong profitable market of control valve system in the region."

Key questions answered in this report

- What will the market size be in 2022 and what will the growth rate be?
- What are the key market trends?
- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?
- What are the market opportunities and threats faced by the key vendors?
- What are the strengths and weaknesses of the key vendors?

About Market Research Future:

At Market Research Future (MRFR), we enable our customers to unravel the complexity of various industries through our Cooked Research Report (CRR), Half-Cooked Research Reports (HCRR), Raw Research Reports (3R), Continuous-Feed Research (CFR), and Market Research & Consulting Services.

MRFR team have supreme objective to provide the optimum quality market research and intelligence services to our clients. Our market research studies by products, services, technologies, applications, end users, and market players for global, regional, and country level market segments, enable our clients to see more, know more, and do more, which help to answer all their most important questions.
