

# Simulation Learning In Higher Education 2017 Global Market Expected to Grow at CAGR 18.5% and Forecast to 2021

PUNE, INDIA, January 6, 2017 / EINPresswire.com/ --

WiseGuyReports.Com Publish a New Market Research Report On – “Simulation Learning In Higher Education 2017 Global Market Expected to Grow at CAGR 18.5% and Forecast to 2021”.

The analysts forecast the [global simulation learning in higher education market](#) to grow at a CAGR of 18.5% during the period 2016-2020.

Simulations imitate a real phenomenon and are used in the field of training and education to boost the development of skills like decision-making and critical thinking. In the past, simulations were restricted to fields like military, aviation, and medicine and involved methods like role play, mannequins, and interactive videos. With the advances in technology, there has been the emergence of computer-based simulations. Simulations have been adopted to a considerable extent by higher education institutions as they enable instructors to leverage innovative educational paradigms like experiential learning, collaborative learning, prompt feedback, and interactivity. Simulations are an essential part of virtual learning environments (VLEs) that help a learner to explore information through active involvement in the curriculum.

Covered in this report

The report covers the present scenario and the growth prospects of the global simulation learning in higher education market for 2016-2020. To calculate the market size, the report considers the revenue generated from the sales of computer-based simulations catering to the higher education segment.

The market is divided into the following segments based on geography:

- APAC

- Europe
- North America
- ROW

The report, Global Simulation Learning in Higher Education Market 2016-2020, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

#### Key vendors

- Forio
- InfoPro Learning
- McGraw-Hill Education
- Pearson Education

#### Other prominent vendors

- Capsim Management Simulations
- Edufice
- Experiential Simulations
- Indusgeeks Solutions
- Innovative Learning Solutions
- Innovative Learning Solutions
- Realityworks
- Simmersion Immersive Simulations
- Simtics
- Toolwire
- VChain Solutions

#### Market driver

- Inclusion of simulations in new learning methodologies
- For a full, detailed list, view our report

Complete Report Details @ <https://www.wiseguyreports.com/reports/466207-global-simulation-learning-in-higher-education-higher-education-market-2016-2020>

#### Market challenge

- Constraints related to time and batch size
- For a full, detailed list, view our report

#### Market trend

- Increasing demand for virtual lab simulations
- For a full, detailed list, view our report

#### Key questions answered in this report

- What will the market size be in 2020 and what will the growth rate be?
- What are the key market trends?
- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?
- What are the market opportunities and threats faced by the key vendors?
- What are the strengths and weaknesses of the key vendors?

## Table Of Contents – Major Key Points

### PART 01: Executive summary

- Highlights
- Market overview

### PART 02: Scope of the report

- Top-vendor offerings

### PART 03: Market research methodology

- Research methodology
- Economic indicators

### PART 04: Introduction

- Key market highlights

### PART 05: Market landscape

- Market overview
- Global simulation learning in higher education market
- Five forces analysis

### PART 06: Market segmentation by product

- Global simulation learning in higher education market by product
- Global STEM simulation learning market in higher education
- Global non-STEM simulation learning market in higher education

### PART 07: Geographical segmentation

- Global simulation learning in higher education market by geography
- Simulation learning in higher education market in North America
- Simulation learning in higher education market in Europe
- Simulation learning in higher education market in APAC
- Simulation learning in higher education market in ROW

### PART 08: Market drivers

- Enhancement of student and faculty experience
- Simulation learning in nursing and medical education
- Use of 3D content in simulations
- Inclusion of simulations in new learning methodologies

### PART 09: Impact of drivers

### PART 10: Market challenges

- Limitations on curriculum integration
- Constraints related to time schedule and batch size
- Free simulations and university projects
- Threat from mannequin-based simulations in medical education

### PART 11: Impact of drivers and challenges

### PART 12: Market trends

- Situated simulations using mobile augmented reality
- Increasing demand for virtual lab simulations

- Stronger focus on experiential and inquiry-based learning
- Emergence of tools that simplify the creation of simulations

#### ABOUT US:

Wise Guy Reports is part of the Wise Guy Consultants Pvt. Ltd. and offers premium progressive statistical surveying, market research reports, analysis & forecast data for industries and governments around the globe. Wise Guy Reports features an exhaustive list of market research reports from hundreds of publishers worldwide. We boast a database spanning virtually every market category and an even more comprehensive collection of market research reports under these categories and sub-categories.
