

## HyLite Introduces New Lotus™ LED Line

*New Versatile Retrofit Lamps provide energy-savings illumination for a wide range of applications.*

ROCK HILL, SC, USA, January 5, 2017 /EINPresswire.com/ -- [HyLite LED](http://HyLiteLED.com) Lighting, a division of ARVA, LLC, is excited to introduce the new [Lotus™](http://LotusLED.com) LED Line. The Lotus™ was designed with versatility in mind. The 180° adjustable mounting arm allows the Lotus™ Lamp to install in multiple positions and at different lengths for use in a wide variety of applications including Recessed Cans, Canopy Lights, Parking Garage Fixtures, Parking Lot Lights, Flood/Spot Lights, High Ceilings, and High / Low Bays.

The LED Lotus™ is available in sizes ranging from 20W to 100W to replace anything up to 400W Metal Halide & High Pressure Sodium Lamps with up to 80% Energy Savings. An optimal 120° beam angle and ultra-efficient 140 lpw, delivers high quality illumination with maximum lifetime energy savings.

At 60,000 hours of rated life, the HyLite Lotus™ last 3 to 5 times longer than metal halide and high pressure sodium lamps, greatly reducing regular maintenance costs and offering the lowest total cost of ownership. The Lotus™ comes with a free 20kA In-line surge protection device to protect the lamp against disruptive and damaging power surges and transients.

With an IP65 ratings, the HyLite Lotus™ is completely protected from contact, dust, and water splashes. Waterproof quick-connectors makes the Lotus™ ideal for temporary lighting. Universal Voltage (120 -277V). 5 Year Warranty.
