Lillo Furca, MyoBuddy founder

“The team at MyoBuddy couldn't be happier with the direction we're headed as we enter 2017,” said MyoBuddy Founder Lillo Furca. “What better way to ring in the New Year than introduce tens of thousands of more people to our amazing massager?”

MyoBuddy is an Orbital Percussive Massager featuring advanced vibrational technology to help relax tight fascia, soothe sore muscles, and assist in deep tissue massage and

trigger point release. It is the most powerful and comfortable handheld massager on the market. Used by celebrities and serious influencers in the fitness and wellness industries both pre- and post-workout, the Buddy also lives in the living rooms of everyday people, plugged in next to the couch and always on call to provide soft-tissue therapy and reduce anxiety and pain.

This is the second year MyoBuddy is being featured as an exhibitor at the FitExpo in Los Angeles, which is the largest annual fitness show on the West Coast. The show runs Saturday, January 7 from 10:00 a.m.-6:00 p.m. and Sunday, January 8 from 10:00 a.m.-5:00 p.m. and is open to the public with ticketed entry.

MyoBuddy is offering exclusive show pricing on the MyoBuddy Massager Pro for anyone in attendance who stops by its booth to make a purchase.

“Whenever people get to truly experience our massage and what makes us so different than anything out there, they want a massager immediately,” Furca said. “We sell out of all the massagers we bring to expos. It's a great feeling as a business owner to know that so many people will be going home with a life-changing muscle soreness and pain relief tool they can use whenever they'd like.”
