Segmentation

The global potash ores market is segmented on the basis of applications and mineral extracted. On the basis of application the global potash ores market is segmented into sodium chloride, potassium chloride and others. On

the basis of application, the global potash ores market is segmented into agriculture industry, chemical industry and others (metallurgical industry).

Key Player

EuroChem

Intrepid Potash

Uralkali

Mining Associates

Agrium Inc.

JSC Belaruskali,

K+S GmbH

Israel Chemicals Ltd

Elementals Minerals Limited

PotashCorp

Uralkali

Encanto Potash Corp.

BHP Billiton Ltd.

Regional Analysis

Geographically, North America is considered as the largest market for organic food, where in Canada is the biggest market followed by the US. By 2011, Canada had a production capacity of 11.2 million tones. The US is also considered as the largest consumer of potash ore. Potash Ore Market is a major fertilizer in agriculture, therefore in the European countries such as United Kingdom, France, Germany, Switzerland and others, where the available arable land is more compared to other regions. However, this factor has anticipated the European market. As of now, China and India is the world's largest consumer of potash ores due to the large arable land, huge population growth, and large employment is depended in agriculture.

Taste the market data and market information presented through more than 100 market data tables and figures spread in 120 numbers of pages of the project report. Avail the in-depth table of content TOC & market synopsis on "[Global Potash Ore Market Research Report- forecast to 2027](#)"

Study Objectives of Global Potash Ores

To provide detailed analysis of the market structure along with forecast of the various segments and sub-segments of the Global Potash Ore Market

To provide insights about factors affecting the market growth

To Analyze the Potash Ore Market based on various factors- price analysis, supply chain analysis, porter's five force analysis etc.

To provide historical and forecast revenue of the market segments and sub-segments with respect to four main geographies and their countries- North America, Europe, Asia, and Rest of the World (ROW)

To provide country level analysis of the market with respect to the current market size and future

prospective

To provide country level analysis of the market for segment by mineral extracted and applications.

To provide strategic profiling of key players in the market, comprehensively analyzing their core competencies, and drawing a competitive landscape for the market

To track and analyze competitive developments such as joint ventures, strategic alliances, mergers and acquisitions, new product developments, and research and developments in the Global Potash Ore Market
