

Sword Active Risk supports U.S. Government and Military agencies with new Carahsoft partnership

New agreement makes Active Risk Manager available for easy procurement by U.S. Federal Government--Civilian and Defense sectors

MAIDENHEAD, BERKSHIRE, UK, January 10, 2017 /EINPresswire.com/ -- Sword Active Risk, a supplier of specialist risk management software and services, has announced a new partnership agreement with Carahsoft Technology Corp., a government IT solutions provider. Carahsoft works with manufacturers, value-added resellers, system integrators and consulting partners to deliver hardware, software and support solutions to U.S. federal, state and local government agencies. As part of the partnership agreement, Active Risk Manager has been added to Carahsoft's General Services Administration Schedule and SEWP V contracts to make it available for procurement by U.S. government agencies to manage risk across departmental and enterprise projects and programs.

Tiffany Goddard, a Director at Carahsoft said; "We are pleased to expand our solutions portfolio with this industry-leading information technology solution. Our work with Sword Active Risk will enable us to provide government agencies and our partner ecosystem with Active Risk Manager, a robust risk management tool, to help support their operational and strategic risk management frameworks across their organizations."

Sword Active Risk's risk management platform brings together all of an agency's risk and opportunity data into one integrated system, which eliminates the need for multiple risk spreadsheets and prepares a visually appealing risk report to help all levels of management make informed decisions. Active Risk Manager also scores and assesses qualitative and quantitative risks and sets the appropriate controls and risk mitigation strategies so agencies can be more proactive to any upcoming opportunities.

Keith Ricketts, VP Marketing at Sword Active Risk said; "Carahsoft has established a reputation as a trusted provider to U.S. federal and state governments. As a specialist technology vendor with an established customer base within this sector, we are delighted to be working with a partner that focuses on supplying world-class solutions for government agencies. The partnership will enable us to work alongside Carahsoft and its reseller ecosystem to help enable our customers and empower their risk management policies and processes."

Sword Active Risk solutions are available immediately on Carahsoft GSA Schedule No. GS-35F-0119Y and SEWP V contracts NNG15SC03B and NNG15SC27B.
