

# SemaConnect to Host Live Webinar Series on Electric Vehicle Charging Stations for Commercial Applications

---

*Webinar for Property Managers, Owners and Real Estate Professionals*

WASHINGTON, DC, UNITED STATES, January 11, 2017 /EINPresswire.com/ -- Jan. 11, 2017 – Washington, D.C. – SemaConnect Inc., the leader in electric vehicle (EV) charging solutions for Class A commercial properties, announced today that it will host live, monthly webinars titled “Electric Vehicle Services for Commercial Properties.” The first of the 2017 series is scheduled for Thursday, Jan. 26, from 2:00 p.m. to 2:30 p.m. Eastern Time. The monthly webinar series is scheduled through April, and webinars are usually held the last Thursday of every month. For more information and to register, visit [www.semaconnect.com](http://www.semaconnect.com).

The webinar series offers expert advice from Mark Pastrone, vice president of business development at SemaConnect. Attendees also have the opportunity to ask specific questions during the Q-and-A session. The webinar is intended for property managers, building owners and real estate professionals with a focus on commercial applications.

“This industry is in its infancy, and we feel that education is key,” explains Mark. “This series is intended to demonstrate how commercial properties can benefit by providing EV charging as a service. We also cover some of the unexpected hurdles a property manager or owner may face.”

The webinar will provide attendees with a clear understanding of the key aspects of planning and delivering EV services for a building’s tenants and visitors.

By the end of this webinar, participants will:

- Have a general understanding of the type of EVs they will see at their property today and in the near future.
- Gain insight into the key requirements for delivering EV services that both satisfy drivers’ needs and minimize demand on property resources.
- Learn best practices for locating and installing EV charging stations, establishing access and pricing services.

For more information and to register for the webinar, visit [www.SemaConnect.com](http://www.SemaConnect.com).
