

# New York City Department of Education Approves The Adventures of Prissy and Missy™, Travel Abroad

MANHATTAN, NEW YORK, UNITED STATES, January 14, 2017 /EINPresswire.com/ -- House of the Guided Scribe, LLC Independent Book Publishers announces with tremendous gladness of heart the recent approval of prolific author, Karen Elise Wormack's stunningly beautiful full color children's picture book, The Adventures of Prissy and Missy™, "Travel Abroad" being accepted into the world's largest Public School System, the New York City Department of Education.

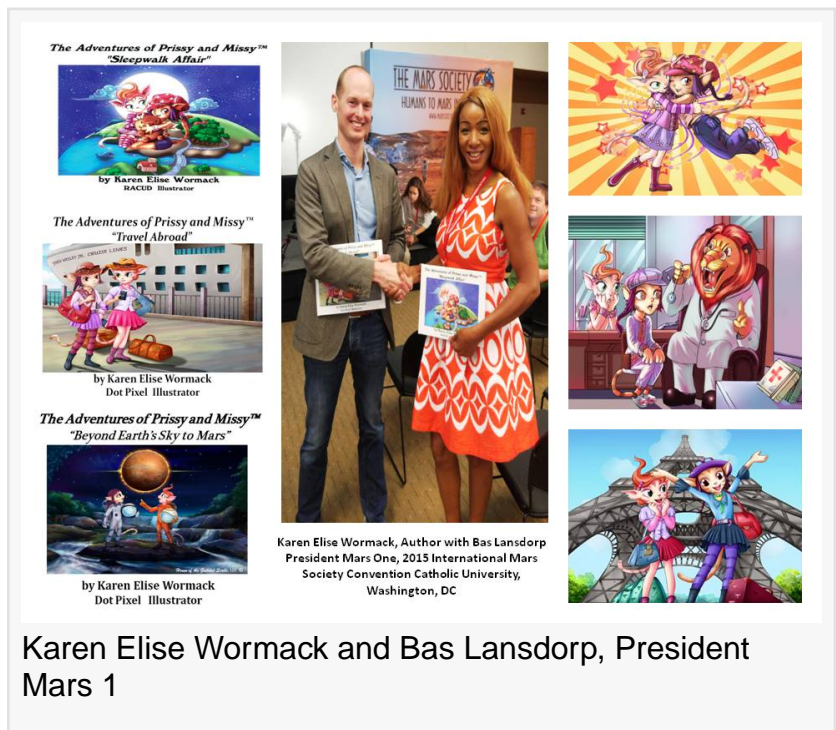

This major accomplishment is attributed in part to the perseverance, dedication, and totality of belief saturating the spirit of Miss Wormack over the past few years, as she pursued her work of children's book literary excellence by means of "Community Learning and Literacy Events" hosted by various Kinsley, Sumas and Callillo Family, Shop Rite WAKEFERN Grocery Stores and the iconic McDonald's Restaurants, among other avenues availing marketing and promotion, including but not limited to: Desaki Hibachi/Sushi Japanese Restaurant located in the beautiful Pocono Mountains of Northeastern, Pennsylvania, where Wormack resides.

“

One of the loveliest compliments given to House of the Guided Scribe, LLC at first glance is the public believing Prissy and Missy are figures produced by the Disney Corporation.”

Wormack was also an invited "Fast Track" guest speaker at the 18th Annual International Mars Society Convention, Catholic University, Washington, DC.

Prissy and Missy are multicultural cat twin sisters whose lives have themes of education, interest, humor and colorful presentations. Their stories are written in sophisticated poetic verse, possessing rich language, hand drawn anime style illustrations (Dot Pixel, Kolkata, India) and contain an

extensive, meaningful glossary. There will be at least fifteen exciting Prissy and Missy titles with Wormack having completed eleven to date. The Adventures of Prissy and Missy™, "Sleepwalk Affair" is Wormack's freshman adventure and will be considered by NYC DOE upon its fourth reprint, being presently sold out. The Adventures of Prissy and Missy™, "Beyond Earth's Sky to Mars" our third on the list of stories to be illustrated and published, (276 pages) is simply an exceptional work for the global Science, Technology, Engineering and Math (STEM) programs.

Additionally, one of the loveliest compliments given to House of the Guided Scribe, LLC at first glance, is the public believing Prissy and Missy are figures produced by the Disney Corporation. On the contrary, our storybook characters are completely original, whose beautiful and charming anime style image was created initially by illustrators RACUD (Miayang, China). Nevertheless, Prissy and Missy will be branded for various worthwhile merchandise children can enjoy, similar to Disney's billion dollar "Frozen" characters, "Elsa" and "Anna".

Speaking of billions of dollars, the New York City Department of Education, the largest school system in the world (as mentioned above) does not spare the expense to educate its students and has an operating budget of nearly twenty four billion dollars annually (\$24,000,000,000.00), serving more than seventeen hundred schools, including five hundred of which are elementary level, in ten regions throughout its five boroughs.

The Adventures of Prissy and Missy™, "Travel Abroad" ISBN #9780991435166, is distributed by Book Source, a trusted Book Seller to the NYC DOE and can be purchased at SHOP DOE by all educators, administrators and librarians having access to the on line catalogue and vendor portal. The general public may become further acquainted with The Adventures of Prissy and Missy™ via their website [www.prissyandmissy.com](http://www.prissyandmissy.com), Amazon.com and youtube, where Prissy and Missy's catchy jingle is played in conjunction with photo media.
