

# Amines Market Share, Growth Revenue, Top Manufactures, Comprehensive Analysis and Forecast 2016-2022

*Amines Market by product type (Ethyleneamine, Alkyl Amines, Fatty Amines, Specialty Amines, and Ethanol Amines), by application and by Region - Forecast to 2022*

PUNE, MAHARASHTRA, INDIA, January 16, 2017 /EINPresswire.com/ -- Market Highlights

Global [Amines Market](#) growth in last few years due to increase in demand of personal care, agriculture, pharmaceuticals and paints & coatings. The growth of ethanol amines market is largest with respect to volume followed by alkyl amines and fatty amines, ethylene amine and specialty amines. Amines are used in stabilizer, neutralizing and cleaning agent, intermediate and formulator of various applications. People are spending more on health care products and this will boost the market for amines since it is largely used in personal care products. India and China utilizes high amount of amines due to growing agriculture sector and chemical industries in these countries and use of amines in the same.

However increase use of amines can also cause health problems which can hinder the growth of Amines Market in the future. APAC demonstrate market leader due to change in government policies, huge investment in infrastructure and growing chemical industries. North America is growing due to change in lifestyle, use of various beauty care products. Europe and RoW shows a steady growth.

## Key Player

- BASF
- AkzoNobel NV
- The Dow Chemical Company
- Huntsman Corporation
- Clariant AG

- Oxea GmbH
- Tosoh Corporation
- Mitsubishi Gas Chemical Company
- Celanese Corporation
- Daicel Chemical Industries Ltd

#### Scope of the study

##### By Product type

- o Ethyleneamine
- o Alkyl Amines
- o Fatty Amines
- o Specialty Amines
- o Ethanol Amines

##### By Application

- o Water Treatment
- o Cleaning products
- o Agriculture
- o Personal Care
- o Petroleum
- o Paint & Coatings
- o Pharmaceuticals

#### Regional Analysis

“Asia-Pacific dominates the market during the forecast period”

Region wise, there has been a significant growth of amines market in Asia-Pacific accounting for more than XX% of the total amines market. This share of growth can be credited to the growth of application industries in countries like China and India. Agriculture and chemical industries accounts for largest share in the growth of amines market. North America contributes second largest due to growing use of amines in various applications like personal care products. Europe shows a relative steady growth due to the growth of application industries.

#### Target Audience

- o Manufacturer of Amines and chemical industry
- o Traders and distributors of Amines
- o Association and government bodies.
- o Application industries
- o Research institute

#### Reasons to Buy The Report

- This report includes in-depth study analysis of Amines market
- It covers market segmentation by type, application and end user.
- It helps in identifying region-wise major suppliers and understanding consumption patterns.
- Report provides benefit of amines and premium insights about the same that will support in investment of Amines where allied companies are providing details on the fast-growing segments and regions with respect to amines.
- In addition, it will provide key findings that will help companies to improve profitability by using supply chain strategies, cost effectiveness of various products mentioned in the report.

- The data used in the report is primarily based on primary interviews with major producing companies, industry experts and all these are supported by authentic industry data from secondary sources.
