PUNE, INDIA, January 16, 2017
/EINPresswire.com/ --

WiseGuyReports.Com Publish a New Market Research Report On – “Perishable Goods Transportation 2017 Global Market Expected to Grow at CAGR 6.76% and Forecast to 2021”.

The analysts forecast the [global perishable goods transportation market](#) to grow at a CAGR of 6.76% during the period 2016-2020.

Perishable goods transportation involves the transportation of temperature-sensitive goods. It is an integrated component of cold chain logistics and helps in the management and control of the flow of the cold chain supply process. A rise in international trade has increased the need for the transportation of perishable products from producers to end-users in distant locations. It requires extensive logistics planning to ensure the integrity of the goods transported. The introduction of new and innovative methods to manage the supply chain management improves the effectiveness of logistics.
