Cognitive Computing Technology Market Development & Demand, Growth Analysis, Key Findings, Application and Forecast-2022

Cognitive Computing Technology Market by Technology (Machine Learning), Domain (SMEs), and End Users (Healthcare, BFSI, Manufacturing) - Forecast 2016-2022

" We enable our customers to unravel the complexity."

Market Research Future

PUNE, MAHARASHTRA, INDIA, January 17, 2017 /EINPresswire.com/ -- Synopsis of Global Cognitive Computing Technology Market

Latest Industry News:

> The key players in the market of cognitive computing technology are- IBM (U.S.), Hewlett Packard Enterprise Development LP (U.S.), Microsoft (U.S.), Oracle Corporation (U.S.), SAP SE (Germany)"
> *Market Research Future*

•In September 2016, IBM announced the partnership with MIT for the development of cognitive computing.
•In May 2015, PTC announced the acquisition of ColdLight a leader in the big data analytics and big data learning.

Cognitive Computing Technology Market Key players:

The key players in the market of cognitive computing technology are-

•IBM (U.S.)
•Hewlett Packard Enterprise Development LP (U.S.)
•Microsoft (U.S.), Oracle Corporation (U.S.)
•SAP SE (Germany)
•SAS Institute Inc. (U.S.), Numenta (U.S.)
•Enterra Solutions LLC (U.S.)
•PTC (U.S.)
•Palantir (U.S.)

Market Overview:

Cognitive computing is a modern technology, which simulates the process of human thoughts into computerized model. This technology is capable of self-learning which uses the gestures, patterns recognition, data mining and NLP (Natural Language Processing) to act like a human brain. Industries are using cognitive computing technology with big data analytics to get the better and accurate output.

Market Segments:

•Segmentation by Technology: Machine Learning, NLP (Natural Language Processing) among others.
•Segmentation by Domain: SMEs and Large Business Units.
•Segmentation by End Users: Healthcare, BFSI, IT & Telecommunication, Manufacturing, Defence, Retail among others.

Access the market data and information presented through data tables and figures spread 110 pages of the project report. Avail in-depth table of content (TOC) & market synopsis on "Cognitive Computing Technology Market Research Report- Forecast to 2022"

Brief Table of Contents for Global Cognitive Computing Technology Market:

1. Report prologue

2. Introduction

2.1 Definition
2.2 Scope of the study
2.2.1 Research objective
2.2.2 Assumptions
2.2.3 Limitations
2.3 Market structure

3. Research Methodology

3.1 Research process
3.2 Primary research
3.3 Secondary research
3.4 Market size estimation
3.5 Forecast model

4. Market Dynamics

4.1 Drivers
4.2 Restraints
4.3 Opportunities

5. Market factor analysis

5.1 Value chain analysis
5.2 Porters five forces

6. Global Cognitive Computing Technology Market: By Technology

7. Global Cognitive Computing Technology Market: By Domain

8. Global Cognitive Computing Technology Market: By End User

9. Global Cognitive Computing Technology Market, by Region

About Market Research Future:

At Market Research Future (MRFR), we enable our customers to unravel the complexity of various industries through our Cooked Research Report (CRR), Half-Cooked Research Reports (HCRR), Raw Research Reports (3R), Continuous-Feed Research (CFR), and Market Research & Consulting Services.

MRFR team have supreme objective to provide the optimum quality market research and intelligence services to our clients. Our market research studies by products, services, technologies, applications, end users, and market players for global, regional, and country level market segments, enable our clients to see more, know more, and do more, which help to answer all their most important questions.

In order to stay updated with technology and work process of the industry, MRFR often plans & conducts meet with the industry experts and industrial visits for its research analyst members.
