

Global Driver Safety Market 2016: Company Profiles, Market Segments, Landscape, Demand and Forecast – 2022

Global Driver safety Market Analysis and Forecast by Type (Driver Alertness Detection System), by Vehicle Type (Passenger & Commercial) and Region - 2022

“ We enable our customers to unravel the complexity.”

Market Research Future

PUNE, MAHARASHTRA, INDIA, January

19, 2017 /EINPresswire.com/ -- Market Research Future published a half-cooked research report on Global [Driver Safety Market](#).

Market Highlights

Global Driver Safety Market Key Players Analysis and Forecast – Denso Corporation, Robert Bosch GmbH, Continental AG, Magna International Inc., Valeo S.A., Tobii AB, Seeing Machines”

Market Research Future

Stringent regulations from government regarding driver’s safety and growing concerns regarding road accidents have surge the demand for the driver safety technologies. Increasing road accident have made the manufacturer to work on the automotive safety & technologies to prevent the accidents. With the introduction of new technologies such as driver alertness detection system, electronic stability control (ESC), and others has contributed in the growth of the driver safety market. These technologies tackle the safety issues and various causes such as driver’s distraction caused by tiredness and drowsiness and have

helped to lower down the road accidents in the recent times.

Moreover, Truck drivers who are only permitted to drive in the dark night and involves dangerous route. These factors significantly contribute to driver fatigue and distraction which can result in accidents hence in turn is expected to increase the demand for driver fatigue and distraction monitoring systems amongst the commercial vehicles.

Regional Analysis:

Asia-Pacific is the major regions for the Driver Safety Market. Asia-Pacific is expected to show significant growth in driver safety market. Government regulations regarding safety, increasing

competition in the automotive industries have led manufacturers to adopt the safety technologies which in turn will boost the driver safety market. North America and Europe will show the static growth for the driver safety market as the driver safety market is already established in the region due to safety awareness and concerns for the road safety.

Brief TOC of Global Driver Safety Market

1. Report Prologue
2. Introduction
 - 2.1 Definition
 - 2.2 Scope of the Study
 - 2.2.1 Research Objective
 - 2.2.2 Assumptions

- 2.2.3 Limitations
- 2.3 Market Structure
- 2.4 Market Segmentation

- 3 Research Methodology
 - 3.1 Research Process
 - 3.2 Primary Research
 - 3.3 Secondary Research
 - 3.4 Market Size Estimation
 - 3.5 Forecast Model

- 4. Market Dynamics

About Market Research Future:

At [Market Research Future \(MRFR\)](#), we enable our customers to unravel the complexity of various industries through our Cooked Research Report (CRR), Half-Cooked Research Reports (HCRR), Raw Research Reports (3R), Continuous-Feed Research (CFR), and Market Research & Consulting Services.

MRFR team have supreme objective to provide the optimum quality market research and intelligence services to our clients. Our market research studies by products, services, technologies, applications, end users, and market players for global, regional, and country level market segments, enable our clients to see more, know more, and do more, which help to answer all their most important questions.

In order to stay updated with technology and work process of the industry, MRFR often plans & conducts meet with the industry experts and industrial visits for its research analyst members.
