CommLab India Organizes the 'E-learning Summit 2017' Across India

CommLab India initiates a unique, one of its kind workshop on e-learning for Learning professionals in India.

HYDERABAD, TELANGANA, INDIA, January 19, 2017 /EINPresswire.com/ -- Hyderabad, India - January 19, 2017 – CommLab India is organizing a series of unique conferences, Training Challenges and E-learning Solutions Summit 2017, in Mumbai, Gurgaon, Bangalore and Hyderabad on March 7, 9, 14 and 16, 2017 respectively.

As a global leader in technology-enabled learning solutions, and a pioneer in the field of custom e-learning for 16 years, CommLab intends to share its knowledge and experience with Learning professionals to create awareness about the power of e-learning to solve corporate training challenges. The one-day interactive workshop is by invitation only to enlightened training managers and Learning professionals of different industry verticals and business functions from Indian corporate majors.

RK Prasad, CEO and Co-founder of CommLab India said of this one of its kind summit, "It is an educational event to empower Learning professionals to use e-learning and technology-enabled training on par with the Fortune 500 organizations."

Chief Learning Architects of CommLab India from USA and Canada along with the CEO and other senior managers will present interactive, informative sessions on the latest technology-enabled learning trends, blending classroom training and e-learning, choosing the right Learning Management System (LMS), gauging organizational readiness for m-learning, and the myth of exaggerated e-learning costs.

Attendees will also participate in panel discussions with e-learning advocates in India, on the driving and restraining forces of e-learning implementation, and get to know practical solutions. The combination of CommLab's expertise and discussions with industry heavyweights makes this event unique, and one that Learning professionals need to attend to equip themselves with required knowledge to implement e-learning in their organizations.
