

# Agenda Out for Pharmaceutical Freeze Drying 2017 Summit Featuring Pfizer, Boehringer Ingelheim, Novo Nordisk and Sanofi

*Big Pharma gather to bridge the gap between small scale and large scale lyophilisation production at Pharmaceutical Freeze Drying Technology this May*

LONDON, ENGLAND, UNITED KINGDOM, January 23, 2017 /EINPresswire.com/ -- Robust capabilities in lyophilisation methods are crucial for process efficiency, drug product quality and biological stability, demanding new innovations at every level for commercial success.

[Pharmaceutical Freeze Drying Technology 2017](#) will aim to keep attendees at the forefront of technological breakthroughs to adapt to growing manufacturing demands and cover key principles such as biological formulations, aseptic spray drying, scale up, cost, PAT and QbD.

Aiming for an audience of Senior Scientists and Heads of Pharmaceutical Engineering, the [5th annual show](#) will provide attendees with a forum to discuss advancements in pharmaceutical lyophilisation, welcoming regulatory guidance from NIBSC-MHRA and big pharma expertise from the likes of Sanofi, Boehringer Ingelheim, Roche and Novo Nordisk.

“

Bridging the gap between small scale and large scale freeze drying production”

SMi Group
