

# Frankfurt/M.: Former official at the German Ministry for the Environment joins ENDERLE ENVIRONMENTAL LAW

---

FRANKFURT/M., GERMANY, January 23, 2017 /EINPresswire.com/ -- This January 2017 Nora-Phoebe Erler changes allegiances by joining ENDERLE ENVIRONMENTAL LAW after several years at the German Federal Ministry for the Environment. With the 36-year old expert in waste policies the law firm strengthens its capacities in the dynamic field of product and waste law. At the Federal Ministry for the Environment in Bonn/Germany Nora was involved in the negotiations on the EU Circular Economy Package in the Council of the European Union (Working Party on the Environment). A further focus of her work was on international cooperation aiming at the support of other states with legal, economic and environmentally friendly technical know-how. Nora was also responsible for the implementation process of the German Waste Prevention Program. Finally she worked on ship recycling issues and waste shipment law. The boutique law firm founded by Bettina Enderle in 2014 offers highly specialized advice in environmental and planning law and advises clients from the public sector, the industry and medium-sized enterprises. The main practice areas are product and waste law, emissions control and nature conservation legislation as well as planning law. Bettina established ENDERLE ENVIRONMENTAL LAW after more than 13 years with a magic circle law firm, where she led for 5 years the German public and environmental law practice.
