

triomis Vat Calculator for Dynamics 365 now available on Microsoft's AppSource

The tax solution, optimized for Dynamics 365, is now listed on AppSource, the Microsoft marketplace to “Find the right app for your business needs”.

DORTMUN, NORTH RHINE-WESTPHALIA, GERMANY, January 24, 2017 /EINPresswire.com/ -- triomis GmbH an innovative software

development firm based in Germany,

announced today that its [VAT Calculator](#) solution for [Dynamics 365](#) is now available on Microsoft's [AppSource](#). This solution, was designed to help companies bring tax calculation to the cloud quickly, efficiently and inexpensively while streamline sales operations.

Dynamics 365 allows businesses to be more efficient, and tax calculation should be one of those business processes that should be simplified.”

Stephan Thurek, CEO and founder of triomis

AppSource is Microsoft's new marketplace for business users looking for solutions from Microsoft and selected partners for Dynamics 365 and which they could test them before buying. AppSource now includes more than 200 business SaaS apps, add-ins and content packs, all based on Microsoft Cloud services such as Azure and Dynamics 365. The intelligent business apps are intended to drive innovation, promote collaboration and accelerate sales cycles.

“With the introduction of Microsoft's Dynamics 365 cloud business platform, triomis is proud to announce that our tax calculation solution passed successfully the quality and certification process and is now available in Microsoft

AppSource,” said Stephan Thurek, CEO and founder of triomis.

Dynamics 365 offers a single, scalable toolkit for businesses to address specific needs, such as sales automation, operations, field and customer service. The new Cloud service works perfectly together with Microsoft's

The advantage of AppSource for users is the simple way how addons or industry solutions can be added to Dynamics 365. Directly from the marketplace, the apps are installed in the respective Dynamics 365 instance, without having to manually download and install solutions. In addition, Microsoft's comprehensive testing and certification process ensures that only high-quality apps are delivered that meet the quality and security requirements. The triomis VAT Calculator has now successfully passed this process and can be directly installed by interested parties into its Dynamics 365.

After the installation of the solution, the Dynamics 365 user can look forward to the automatic value added tax calculation, which makes the manual calculation with the pocket calculator unnecessary and thus drastically accelerates the sales cycle. See listing here: <http://bit.ly/2jo1x1l>
