The Utah Mesothelioma Victims Center says, "Next to US Navy Veterans or skilled trades workers-oil refinery workers exposed to asbestos at a refinery in Utah or another state are one of the top work groups for mesothelioma in Utah each year. Oil refinery workers typically should get the best possible financial compensation for this rare cancer caused by asbestos exposure but without the nation's most skilled and experienced mesothelioma attorneys-the best possible compensation probably will not happen as we would like to discuss anytime at 800-714-0303."

Vital Mesothelioma Compensation Tip from the Utah Mesothelioma Victims Center: "If you wanted someone to run an oil refinery or to maintain it you would not hire someone with no experience in the operation of something as complex as a refinery. Why then hire a local car accident lawyer with little to no experience handling complex mesothelioma compensation claims involving oil refineries or power plants? Before you hire a lawyer or a firm to assist with a mesothelioma claim for a diagnosed person anywhere in Utah please call us at 800-714-0303."
