

# MB Financial Advisors AG make available Extenua's White Paper: SECURING OFFICE 365 ENTERPRISE DATA

ZURICH, SWITZERLAND, January 15, 2017 /EINPresswire.com/ -- [MB Financial Advisors AG](#) are pleased to share [Extenua's](#) free white paper discussing the challenges of keeping your data safe when using Office 365 Enterprise applications installed locally on your device's operating system, and how their Cloud2Drive can help achieve a greater degree of security without compromising ease of use.

"The features provided by Microsoft Office 365 Enterprise allow the enterprise to leverage the cloud Software as a Service economics and scalability. Although, as pointed out earlier in this paper there are inherent vulnerabilities when used in a pure Office 365 environment with OneDrive. Cloud2Drive's heavyweight security scheme encrypts and obfuscates data at rest on the local disk, on the fly, and at rest at the cloud storage provider of your choice"

Download the free White Paper [here](#).
