

# 1SEO Technologies Announces IT Support for Pharmaceutical Industry

*A leading managed services provider, 1SEO Technologies has expertise of pharma and biotech equipment to provide exceptional IT support for the industry.*

BRISTOL, PA, UNITED STATES, January 26, 2017 /EINPresswire.com/ -- With the need for continuous uptime and software integrations increasing in importance, [1SEO Technologies](#) is pleased to announce their IT support services for the pharmaceutical and biotech industry. The company makes sure their pharma clients have a proper connection for their lab equipment to the network they're operating on.

As one of the reliable [managed IT service providers in the Philadelphia](#) area, 1SEO Technologies supports dozens of pharmaceutical and biotech companies on a local and international level. Their technicians have the expertise to manage BD, Waters, Thermo Scientific, and Vi-Sell equipment, ensuring labs remain connected to the network.

"We've been working with pharmaceutical and biotech companies for the past eight years, and we truly value these partnerships," claimed 1SEO Technologies President, Scott Fcasni. "Our top priority is proper integration of software for elaborate lab equipment to ensure proper connection with the network at all times."

1SEO Technologies is a company that understands best practices for ensuring compliance within the medical industry. Their work is compliant with HIPAA, 21 CFR Part 11, and other compliance programs for the pharmaceutical industry. Additionally, they are familiar with the process to properly collaborate with the FDA.

"Our knowledge and expertise of equipment in pharma and biotech labs gives our clients confidence their experiments will never fail," said Fcasni. "With the reliance on technology, everyone needs continuous uptime and that's what we provide at 1SEO Technologies."

When labs are having trouble staying connected and require [IT infrastructure support in the Central Jersey](#) or Southern Jersey area, 1SEO Technologies forms a customized plan for all businesses. The company encourages all pharmaceutical and biotech companies looking to enhance their network connection to reach out to them for support or to clear up any concerns.
