

# Dentistry Today Names Perio Tray a top 100 Product

*Dentistry Today has named the Perio Tray a Top 100 Product for the 8th time in a row since 2009.*

*This list represents new and innovative dental products.*

SAINT LOUIS, MISSOURI, USA, February 8, 2017 /EINPresswire.com/ -- Dentistry Today has named the Perio Tray as one of the Top 100 Products of 2016, an eighth-time feat for Perio Tray, which has been named a top product in every year since 2009. Dentistry Today, the leading clinical magazine for dentists in the United States, has published its Top 100 Products list for 30 consecutive years, a list that is selected based on reader response. According to Dentistry Today, the list “represents what’s new and innovative in the profession today,” and the Perio Tray’s inclusion on this list for yet another year demonstrates how frequently this technology amazes dentists and Dentistry Today’s readers alike.

Dentistry Today top 100 Product 2016

**PerioProtect**   <sup>®</sup>

The Perio Tray, of Perio Protect, LLC, is a unique device created to quickly and effectively treat gum disease. By crafting molds to perfectly fit each patient’s mouth and gum lines, Perio Protect has been able to create a prescription medical device that allows for the safe and painless administering of gum disease treatments. The Perio Tray holds medication below a patient’s gum line, treating as often and as long as is prescribed by one’s dentist. For many Perio Tray users, depending on the severity of their gum disease symptoms, wearing the Perio Tray is only necessary for a matter of minutes each day, and after only a few days of wear, patients have been have seen enormous progress.

“

Since being approved by the FDA in 2004, the Perio Tray has been used nationwide by dentists who have been trained by Perio Protect to use their product.”

*Perio Protect, LLC*

Since being approved by the FDA in 2004, the Perio Tray has been used nationwide by dentists who have been trained by Perio Protect to use their product. Because the Perio Tray is a non-invasive, pain-free treatment, it’s an ideal option for patients who want to heal without being incapacitated or inconvenienced by other means of treatment. Knowing the benefits of the Perio Tray compared to traditional gum disease treatments, dentists have taken to

using the Perio Tray in place of more invasive (and painful) treatments. Knowing the non-invasive nature of the Perio Tray, dentists prescribe it now to appeal to their patients' interests, saving them the long-lasting and painful of alternative treatments.

Since its development by Dr. Duane Keller, a dentist who created the Perio Tray to treat his patients' gum disease through non-invasive procedures, the Perio Tray has taken off as a leading product in dental health. In addition to the Perio Tray's numerous Top 100 Products commendations in Dentistry Today, the Perio Tray was recognized as one of Dental Products Report's Top 100 Products of Distinction in 2006 and was named the Best Product of 2013 and 2016 by the Dental Product Shopper.
