

Medical Departures Announces the World's Best Medical Clinics in Asia-Pacific for 2017

Results of the annual Global Patients' Choice Awards have been announced, with 16 Asia-based medical clinics featuring in the list of recipients.

BANGKOK, THAILAND, February 1, 2017 /EINPresswire.com/ -- [Medical Departures](#), an online healthcare community that connects patients from Australia, New Zealand and elsewhere with clinics in the Asia-Pacific region, has announced the winners of the Global Patients' Choice Awards (2017). This honor has been awarded to outstanding medical clinics that have received extraordinary praise and recognition from Medical Departures' patients.

Patients are encouraged to rate their clinics after receiving treatment through the Medical Departures network. To qualify for the Global Patients' Choice Awards, clinics must maintain an average overall rating of four or more stars out of five. Thousands of patients book healthcare through Medical Departures each year. In order to be considered, each clinic must receive a number of ratings above a set threshold during the time under consideration.

The Global Patients' Choice Awards were created to acknowledge the hard work, excellent value and commitment to quality that global healthcare providers deliver to international customers on a regular basis. As healthcare costs continue to rise in Australia and New Zealand, an increasing number of patients choose to go abroad for elective treatment – everything from cosmetic procedures and fertility treatment to more serious operations such as cardiac surgery.

Healthcare clinics in the Medical Departures network operate state-of-the-art facilities supported by the latest equipment along with internationally trained physicians and surgeons. Patients from Australia and New Zealand are able to avail themselves of higher quality healthcare at substantially lower prices than they would find at home.

Six of the top-10 clinics featured in the 2017 awards are located in [Thailand](#). In total, 32 clinics were recognized, with others in the region hailing from Malaysia, Korea and Indonesia. The following is a list of the top-10 clinics from Asia for 2017:

Bangkok Hospital Phuket – Phuket, Thailand
Rejuvie Aesthetic & Anti-Ageing – Phuket, Thailand
Yanhee Hospital Health & Beauty – Bangkok, Thailand
Phuket Plastic Surgery Institute – Bangkok, Thailand
Samitivej Hospitals (Sukhumvit Branch) – Bangkok, Thailand
Imageup Plastic Surgery – Gangnam, Korea
Smart International Aesthetic – Kuala Lumpur, Malaysia
Radiant Medical Phuket – Phuket, Thailand
MJ Medical Aesthetic – Selangor, Malaysia
Chiangmai Ram Hospital – Chiang Mai, Thailand

Paul McTaggart, CEO of Medical Departures, commented on the awards: "Medical Departures is delighted to recognize the achievements of our talented and skillful global healthcare providers in

providing accomplished and proficient care to our patients.” He added that all medical clinics that ranked in Medical Departures’ Global Patients’ Choice Awards will receive a certificate to display in their clinic, as well as on their website, endorsing their impact on Medical Departures’ customer’s level of happiness and satisfaction. “These awards affirm the outstanding contribution these clinics have made in providing affordable, top-quality healthcare to thousands of patients,” he said.
