Market Segments:

Segmentation by Influenza type

- Seasonal,
- Pandemic
- Zoonotic

Segmentation by manufacturing technology

- Egg Based Technology
- Cell Culture Based Technology
- Recombinant Technology

Segmentation by end user

- Hospital
- Ambulatory
- Research Laboratory

The report gives the clear picture of current market scenario which includes historical and projected market size in terms of value and volume, technological advancement, macro economical and governing factors in the market. The report provides details information and strategies of the top key players in the industry. The report also gives a broad study of the different markets segments and regions.
