

Motion Control Market expected to reach at market size of US \$22 billion by the end of forecast period

Motion Control Market, By Technology (Pneumatic, Hydraulic), By Components (Controller, Drives, Motors, Software), By Application, Industry- Forecast 2016-2022

PUNE, MAHARASHTRA, INDIA, February 6, 2017 /EINPresswire.com/ -- Market Highlights

The Major Key Players are Rockwell Automation, Inc., Parker Hannifin Corporation, Motion Control Corporation, Trio Motion Emerson Electric, AMETEK, Inc., Aerotech Inc., Siemens AG"

Market Research Future

Motion control is an industrial process which is also defined as servo control or robotics, used in the movement of specific load from one place to another in the controlled fashion. This process is equipped with various hardware equipment's such as motors, sensors, drives, control units and software.

The global market of motion control is expected to grow at CAGR of ~6% during the forecast year and expected to reach at market size of US ~\$22 billion by the end of forecast period.

Major Key Players

- Rockwell Automation, Inc., (U.S.)
- Parker Hannifin Corporation (U.S.)
- Motion Control Corporation (U.S.)
- Trio Motion (U.S.)
- Emerson Electric (U.S.)
- AMETEK, Inc. (U.S.)
- Aerotech Inc. (U.S.)
- Siemens AG (Germany)
- STMicroelectronics N.V. (Switzerland)
- Schneider Electric (France)
- ABB Group (Switzerland)

Intended Audience

- OEMs
- Automation Service Providers
- Motion Control Distributors
- Technology Providers
- Sensor Manufacturers
- Connectivity Providers

Motion control Market:

The [Global Motion Control Market](#) has been segmented on the basis of technology, components, application and industry. By Technology, market includes- Pneumatic, Hydraulic, and Electromechanical Actuation. By Components, the market has been derived as- Controller, Drives, Motors, and Software among others. Application of motion control includes- Inspection, Material handling, Packaging among others whereas the industry includes- Manufacturing, Healthcare, Automotive, Aerospace & Defense, Oil & Gas, and Robotics among others.

Taste the market data and market information presented through more than 60 market data tables and figures spread over 110 numbers of pages of the project report. Avail the in-depth table of content (TOC) & market synopsis on "[Global Motion Control Market Research Report- Forecast 2022](#)"

Study Objectives of Motion Control Market:

- To provide detailed analysis of the market structure along with forecast of the various segments and sub-segments of the Global Motion Control
- To provide insights about factors affecting the market growth.
- To analyze the Motion Control market based porter's five force analysis etc.
- To provide historical and forecast revenue of the market segments and sub-segments with respect to four main geographies and their countries- North America, Europe, Asia, and Rest of the World (ROW)
- To provide country level analysis of the market with respect to the current market size and future prospective
- To provide country level analysis of the market for segment by technology, components, application, industry and sub-segments

- To provide strategic profiling of key players in the market, comprehensively analyzing their core competencies, and drawing a competitive landscape for the market
- To track and analyze competitive developments such as joint ventures, strategic alliances, mergers and acquisitions, new product developments, and research and developments in the Global Motion Control Market

Market Segments:

The Global Motion Control Market has been segmented on the basis of technology, components, application and industry. By Technology, market includes- Pneumatic, Hydraulic, and Electromechanical Actuation. By Components, the market has been derived as- Controller, Drives, Motors, and Software among others. Application of motion control includes- Inspection, Material handling, Packaging among others whereas the industry includes- Manufacturing, Healthcare, Automotive, Aerospace & Defense, Oil & Gas, and Robotics among others.

Brief TOC

1	Market Introduction
1.3.1	Global Motion Control Market: By Technology
1.3.2	Global Motion Control Market: By Components
1.3.3	Global Motion Control Market: By Application
1.3.4	Global Motion Control Market: By Industry
2	Research Methodology
2.4.1	Market Data Collection, Analysis & Forecast
2.4.2	Market Size Estimation
2.4.3	Market Crackdown & Data Triangulation
3	Global Motion Control Market: Overview
3.1	Introduction
3.1.1	Definition
3.1.2	Market Segmentation Of Motion Control Market
4	Global Motion Control Market, Competitive Landscape
4.1	Key Strategies And Developments
4.1.1	Acquisitions
4.1.4	Business Expansion
4.2	Porter's Five Forces Analysis
4.2.1	Threat Of New Entrants
4.2.2	Bargaining Power Of Buyers
4.2.3	Bargaining Power Of Suppliers
4.2.4	Threat Of Substitutes
	Continued...

About Market Research Future:

At [Market Research Future \(MRFR\)](#), we enable our customers to unravel the complexity of various industries through our Cooked Research Report (CRR), Half-Cooked Research Reports (HCRR), Raw Research Reports (3R), Continuous-Feed Research (CFR), and Market Research & Consulting Services.

MRFR team have supreme objective to provide the optimum quality market research and intelligence services to our clients. Our market research studies by products, services, technologies, applications, end users, and market players for global, regional, and country level market segments, enable our clients to see more, know more, and do more, which help to answer all their most important questions.
