

1SEO Technologies Nominated on Bucks Happening List for Best IT Consulting 2017

Members of the Bucks County community are encouraged to vote 1SEO Technologies for the Computer Repair/IT Consulting – B2B category.

BRISTOL, PA, UNITED STATES, February 6, 2017 /EINPresswire.com/ -- As a leading IT services provider in the greater Philadelphia area, 1SEO Technologies is proud to announce they have been nominated on the 2017 Bucks Happening List for Best IT Consulting and Computer Repair companies for business-to-business firms.

Nominated by one of their valued clients, the public and anyone who has had interactions or completed business with 1SEO Technologies can vote for the business on the [Bucks Happening category here](#). The website has seen over 150,000 residents and people vote to determine the most happening businesses in the county.

Voting is open until March 3, 2017, and the company is encouraging all of its valued clients, customers, and friends to vote for 1SEO Technologies. Under the 1SEO brand, 1SEO.com Digital Agency is also nominated in two categories, including Web Designer and Founder Lance Bachmann for Entrepreneur.

“I’m proud that we’ve been able to provide excellent service to have been nominated for the Bucks Happening list,” said 1SEO Technologies President, Scott Fcasni. “We take a proactive approach for our clients and our consulting is offered to help improve business operations. We’re honored for this recognition.”

1SEO Technologies provides [IT consulting around Philadelphia](#) that helps small and mid-sized businesses better serve their customers and make more strategic business decisions. Their goal is to provide the solutions that help to avoid any IT challenges that a company is facing.

As a company with more than 30 years of IT experience, recently rebranding to 1SEO Technologies after providing [managed network services throughout South Jersey](#), the company is looking forward to the outcome of the voting process.

Voters are required to enter a valid email address, and voting is limited to one entry per person. The company provides free network analyses and encourages all businesses needing consulting to reach out to their technicians for guidance.
