

Solar PV Module Market & Combined Heat & Power (CHP) Industry Analysis with 2025 Forecasts Research Report

Latest research reports on "Solar PV Module Market to 2020 and Combined Heat and Power (CHP) Market to 2025" available with OrbisResearch.com.

DALLAS, TEXAS, UNITED STATES, February 7, 2017 /EINPresswire.com/ -- GlobalData's latest report "[Solar PV Module Market](#), Update 2016 - Global Market Size, Competitive Landscape and Key Country Analysis to 2020" offers comprehensive information and understanding of the global Solar Module Market.

The report offers in-depth analysis of solar PV module market at global, regional (Asia-Pacific, Americas, Europe, and Middle East and Africa) and key countries (China, India, Japan, Australia, the US, Canada, Germany, Italy, France and the UK) level. The report analyzes the solar PV module market value and volume for the historic (2010-2015) and forecast (2016-2020) period. The report covers the drivers and restraints affecting the solar PV module market, country-wise annual additions, average module price trends, and the competitive landscape for respective countries in 2015.

The report is built using data and information sourced from proprietary databases, primary and secondary research, and in-house analysis by GlobalData's team of industry experts.

Scope

The report analyses Solar PV Module market. Its scope includes -

- Analysis of the growth of solar PV module market with a focus on market value and volume in global and regional level including Asia-Pacific, Americas, Europe, and Middle East and Africa.
- The report provides solar PV module market analysis for key countries including China, India, Japan, Australia, the US, Canada, Germany, Italy, France and the UK.
- The report offers country level solar PV module market value and volume for the historical (2010-2015) and forecast (2016-2020) periods.
- It provides competitive landscape at country level for the year 2015.
- Annual additions, average module price trends, key market drivers and restraints, and analysis of their impact in solar PV module market are also discussed.

Reasons to buy

The report will enhance your decision making capability in a more rapid and time sensitive manner. It will allow you to -

- Facilitate decision-making by analyzing historical and forecast data on solar PV module market
- Develop strategies based on developments in the solar PV module market
- Identify key partners and business-development avenues, based on an understanding of the movements of the major competitors in the solar PV module market
- Respond to your competitors' business structure, strategies and prospects

Major Points from Table of Contents:

1 Table of Contents	
2 Introduction	22
3 Solar PV Module Market, Global	26
4 Solar PV Market, Asia-Pacific	56
5 Solar PV Module Market, China	58
6 Solar PV Module Market, India	77
7 Solar PV Module Market, Japan	104
8 Solar PV Module Market, Australia	121
9 Solar PV Market, Americas	134
10 Solar PV Module Market, US	136
11 Solar PV Module Market, Canada	160
12 Solar PV Market, Europe	178
13 Solar PV Module Market, Germany	180
14 Solar PV Module Market, Italy	198
15 Solar PV Module Market, UK	213
16 Solar PV Module Market, France	227
17 Appendix	241

[Combined Heat and Power \(CHP\) Market](#) -Market Size, Segmentation, Regulations and Key Country Analysis to 2025", the latest report from industry analysis specialist GlobalData, offers comprehensive information and analysis of the global combined heat and power market.

The report provides a clear overview of and detailed insight into the global CHP market. It provides data covering historic and forecast market size, market segmentation and installed capacity globally, and in eleven key CHP markets - US, Canada, Mexico, Brazil, Germany, the Netherlands, Russia, the UK, China, India, and Japan. The report analyzes key market aspects which determine CHP sector and provides information on installed capacity share by fuel, end-user, capacity range & prime mover and key regulations.

The report uses data and information sourced from proprietary databases, primary and secondary research, and in-house analysis by GlobalData's team of industry experts.

Scope

- CHP market study at global level and at key country level, covering countries such as US, Canada, Mexico, Brazil, Germany, the Netherlands, Russia, the UK, China, India, and Japan
- Historic and forecast data for cumulative and annual installed power capacity for CHP
- Information on installed capacity share by fuel, prime mover, end-user and capacity range
- Analysis on major market forces driving or restraining the growth of CHP market at global and regional level
- Market size data at country and global level
- Key policies and regulations supporting the development of CHP market at country level

Request a sample of this report at <http://www.orbisresearch.com/contacts/request-sample/193174> .

Reasons to buy

The report will allow you to -

- Facilitate decision-making by providing historical and forecast data in CHP sector
- Develop strategies based on developments in the CHP market
- Maximize potential in the growth of the CHP market
- Identify key partners and business-development avenues
- Respond to your competitors' business structure, strategies and prospects

About Us:

Orbis Research (orbisresearch.com) is a single point aid for all your market research requirements. We have vast database of reports from the leading publishers and authors across the globe. We specialize in delivering customized reports as per the requirements of our clients. We have complete information about our publishers and hence are sure about the accuracy of the industries and verticals of their specialization. This helps our clients to map their needs and we produce the perfect required market research study for our clients
