

Production and Capital Industry 2017 Production, Segmentation, Consumption and Forecast to 2022

*Production and Capital Industry
Opportunity and Consumption to 2022*

PUNE, INDIA, February 9, 2017

/EINPresswire.com/ -- Summary

In the Sub-Saharan Africa region, more than 40 key planned projects are expected to start operations by 2025. These projects are expected to contribute more than 1,100 thousand barrels of oil per day to the global crude production and more than 10 billion cubic feet per day to the global gas production in 2025. A total capital expenditure of more than US\$300 billion is expected to be spent during the 2016 to 2025 period, in bringing these key planned projects online. Among countries, Nigeria leads the region in terms of the number of planned projects while Mozambique leads in terms of capital spending up to 2025.

A blue banner for Wise Guy Reports. It features the company logo at the top left, which includes the text 'WISE GUY REPORTS' and a stylized profile of a head made of dots. Below the logo, the text 'Norah Trent Partner Relations & Marketing Manager' is displayed. Underneath, there are three rows of contact information: an email icon followed by 'sales@wiseguyreports.com', a phone icon followed by 'Ph: +1-646-845-9349 (US) Ph: +44 208 133 9349 (UK)', and three social media icons (LinkedIn, Twitter, Facebook) followed by their respective URLs. The banner also includes a large, faint background image of a head profile made of dots, similar to the logo. At the bottom left of the banner, the text 'Wise.Guy.' is visible.
