

# PolyPortables, LLC introducing a new line of Soaps, Sanitizers, Cleaners & Dispensers.

*With an emphasis on value and customer service PolyPortables, LLC. is upgrading our current line of Soaps, Sanitizers, Cleaners & Dispensers.*

DAHLONEGA, GEORGIA, UNITED STATES, February 10, 2017 /EINPresswire.com/ -- With an emphasis on quality, customer service, and 'Lean' principles, [PolyPortables, LLC.](#) is upgrading our current line of [Soaps, Sanitizers, Cleaners & Dispensers.](#)

Deb USA Inc. is a world leader in occupational skin care and hand hygiene. They have been providing dedicated skin care and hand hygiene solutions for over 80 years. Their purpose is to set higher standards in leading the fight against occupational skin disorders and the spread of infections to Make Hands Matter in the Workplace.

With this in mind, Deb is the perfect fit to supply PolyPortables a brand new line of soaps, sanitizers, cleaners & dispensers. But what will this change mean for our valued customers?

- Lower Priced Dispensers, Soaps, Sanitizers & Cleaners for All Customers
- Increased Stock Availability – Potential for Drop Ship on Large Orders
- Single Dispenser for ALL Soaps, Sanitizers and Cleaners
- Same Size Dispenser – Conversion is Fast and Simple

PolyPortables, LLC. understands that while this conversion will be a great long term solution, it may be a task to substitute any pre-existing dispensers to the new product. To make sure this transition goes smoothly and benefits all customers, PolyPortables is offering the following 2 options:

- Free, 1-Time Dispenser Replacements for Conversions, Including Hardware (for ALL existing portable units and sinks)
  - Free, 1-Time Pump Replacements for 'Old Style Dispensers' – Allowing Use of New Soaps, Sanitizers and Cleaners
- \*Free Identification Stickers will be sent for all replacements and orders to distinguish between Soaps, Sanitizer and Cleaners

PolyPortables, LLC. and Deb USA Inc. have worked hard to insure that these new products will meet and exceed any financial and equipment need of the [portable sanitation](#) industry. For additional details on this product transition, expected implementation date and product specs, please contact PolyPortables LLC.
