Important Note from the Ohio Mesothelioma Victims Center:
"Most US Navy Veterans who will be diagnosed with mesothelioma this year were not at least initially exposed to asbestos in Ohio. In all likelihood-they were exposed to asbestos on a ship or shipyard in Virginia, California, Connecticut, Maine, New York, Pennsylvania, Washington, or Hawaii-not Ohio. Think nationally when it comes to mesothelioma attorneys and call us anytime at 800-714-0303 for some extremely good suggestions."
