

# Automotive Pumps Market Sales, Size, Share, Trends and Forecast 2022

*Automotive Pumps Market, By product (Fuel Pump, Oil Pump, Steering Pump, Water Pump, Fuel Injection Pump, other), By Technology, By Vehicle type - Forecast 2016-2022*

PUNE, MAHARASHTRA, INDIA, February 14, 2017 /EINPresswire.com/ -- Market Highlights

Major key Players include Aisin Seiki Co. Ltd., Delphi Automotive, Denso Corporation, Robert Bosch GmbH, Johnson Electric, KSPG AG-A- Rheinmetall, Mikuni Corporation, Magna International "

*Market Research Future*

The global market of automotive pumps around the world is growing rapidly. Technological advancement and heavy investments in the automotive industry are helping automotive pumps market. Increasing vehicle production, rising vehicle electrification, growing implementation of environmental regulations are some of the major factors contributing to growth of the global automotive pumps market. Automotive pumps production is consequently high in Asia-pacific, with China and India expected to be the most promising markets. Rising focus on engine performance, regulations regarding vehicular emissions and increasing consumer demand for fuel-efficient

vehicles are encouraging manufacturers to integrate advanced fuel injection systems. New trend shows that Research and development is being carried by automotive pumps manufacturers to introduce innovative features and technology.

## Key Players

- Aisin Seiki Co. Ltd.,
- Delphi Automotive,
- Denso Corporation,
- Robert Bosch GmbH,
- Johnson Electric,
- KSPG AG-A- Rheinmetall,
- Mikuni Corporation,
- Magna International,
- TRW Automotive
- SHW AG.

## Market Research Future Analysis:

Asia Pacific is leading the market of automotive pumps. Improving economic conditions in the APAC region are expected to open up enormously potential opportunities for pump manufacturers. Moreover, increasing usage of pumps in vehicles, as well as battery technology for electric vehicles that increases the fuel efficiency of vehicles are the key reasons for the growth of automotive pumps market. As the market and government regulations push automakers to improve emissions and fuel consumption, they are evaluating new opportunities in the engine system to reduce losses.

## Target Audience

- Organizations
- Manufacturer
- Research Institute / Education Institute
- Potential Investors

Taste the market data and market information presented through more than 50 market data tables and figures spread in 110 numbers of pages of the project report. Avail the in-depth table of content TOC & market synopsis on "[Global Automotive Pumps Market Research Report- Forecast 2022](#)"

## Study Objectives of [Automotive Pumps markets](#) Market.

- To provide detailed analysis of the market structure along with forecast of the various segments and sub-segments of the Automotive Pumps markets Market.
- To provide insights about factors affecting the market growth.
- To analyze the Automotive Pumps markets market based porter's five force analysis etc.
- To provide historical and forecast revenue of the market segments and sub-segments with respect to four main geographies and their countries- North America, Europe, Asia, and Rest of the World (ROW)
- To provide country level analysis of the market with respect to the current market size and future prospective
- To provide country level analysis of the market for segment by product ,technology, vehicle type and sub-segments
- To provide strategic profiling of key players in the market, comprehensively analyzing their core competencies, and drawing a competitive landscape for the market
- To track and analyze competitive developments such as joint ventures, strategic alliances, mergers and acquisitions, new product developments, and research and developments in the Conveyor system.
