

ProTek Construction Earns Certification in 3M's Scotchgard™ Protection and Atlas Partnership

("ProTek") has earned the Atlas Pro Plus Platinum level partnership and certification for the Atlas Signature Select Roofing Systems.

NAPERVILLE, IL, USA, February 14, 2017 /EINPresswire.com/ -- ProTek Construction Services Inc. ("ProTek") has earned the Atlas Pro Plus Platinum level partnership based on completion of over 100 successful roofing projects and certification for the Atlas Signature Select Roofing Systems engineered with [3M Scotchgard™ Protector](#).

"As a Chicagoland roofing contractor with recent expansion in Florida, our relationship with Atlas Roofing continues to expand which allows us to provide superior quality product choices and extended warranties to better serve our customers," stated Tom Leiber, ProTek Partner and CEO. "Our promise to the homeowner is peace of mind from the beginning of a roofing job through the life of that shingle. With our Platinum level partnership, the Atlas Signature Select product offering meets our requirements of high performance and long term assurance; and it is the only shingle that carries a lifetime algae resistance warranty. When algae develops on a roof, you see unsightly black streaks which can negatively impact the home value, especially if the homeowner is looking to sell. Offering premium roofing systems engineered to handle many types of problems plus our industry leading [15 year craftsmanship warranty](#), we can help the homeowner realize the best return on investment for decades."

"ProTek has proven themselves as a customer centric, quality service provider which we believe are important components of a successful partnership," explains Brian Pelletier, Atlas Chicago and NW Indiana Account Representative. "Our philosophies mirror each other when it comes to quality, value and warranty choices for the customer. We can offer homeowners exceptional roofing systems with complete confidence in ProTek to install our products with the right skill and service mix to guarantee 100% customer satisfaction."
