This aspect of the home sometimes is forgotten about just because homeowners do not always look

in or at their air ducts.

Extreme Air Duct Cleaning Services wants to inform you of how dirty this part of your home can get, how it can cost you money and how it can be bad for your health, too. If the air ducts are dirty, this typically means that they are filled with contaminants, hair, dust, grime and sometimes even insects or rodents. When these contaminants left to sit in your air ducts, it does not just sit completely harmless. When the heating and cooling system is turned on, it is distributed throughout the home in the air that you are breathing in. We also want you to know that having dirty air ducts can cause your energy bill to be higher each month. This is because the system has to exert more energy in order to do its job. Extreme Air Duct Cleaning Services is confident that by having your air ducts professionally cleaned, you will save money each month.

Extreme Air Duct Cleaning Services provides free consultation, during which they can address any inquiries or concerns you might have about [vent cleaning in San Antonio, TX](#).

The San Antonio Small Business Excellence Awards was established to reward the best of small businesses in San Antonio. Our organization works exclusively with local business owners, trade groups, professional associations and other business advertising and marketing groups.
