/EINPresswire.com/ -- [Global Industrial Cleaning Market](#)

Industrial cleaning is employed in various commercial spaces such as offices, hospitals, hotels, restaurants, and construction sites. The global industrial cleaning market is driven by the increasing demand from the janitorial segment and the growing awareness among end-user segments about the importance of hygienic and clean surroundings. The use of hazardous chemicals, which cause health or physicochemical issues and threats pose a challenge to the market. The key trend in this market is the shift toward green and sustainable cleaning. Fragrance will be a key attribute to the industrial cleaning market.
