The analysts forecast the global fire suppression market to grow at a CAGR of 10.16% during the period 2017-2021.

PUNE, INDIA, February 16, 2017

/EINPresswire.com/ -- [Global Fire Suppression Market](#)

The global fire suppression market is witnessing a positive growth due to the increase in demand from residential and non-residential end-users. Fire suppression products can be segmented into fire extinguishers and fire sprinklers. The market is witnessing demand due to several factors like stringent safety regulations that are deployed by governments across regions such as EMEA, APAC, and the Americas. There are several factors concerning fire disasters witnessed throughout countries, which drive the implementation of certain fire safety measures.

Covered in this report

The report covers the present scenario and the growth prospects of the global fire suppression market for 2017-2021. To calculate the market size, the report considers the revenue generated from the sales of fire suppression products.
