

Refining Industry 2017 Production, Segmentation, Consumption and Forecast to 2022

Refining Industry Report by Production, Consumption and Forecast 2022

PUNE, INDIA, February 17, 2017

/EINPresswire.com/ -- Summary

"[Refining](#) Industry Outlook in Europe to 2021 - Capacity and Capital Expenditure Forecasts with Details of All Operating and Planned Refineries" is a

comprehensive report on crude oil refining industry in Europe. The report provides refinery details such as the refinery name, country, and refinery operator name, with in-depth coverage on crude distillation unit or, CDU capacity and other major unit capacities for all

active and new build (announced, planned and stalled) refineries in the region. The report also provides refinery capital expenditure outlook by key countries, year on year, till 2021 in the region. The report also provides key country comparisons within the region based on contribution to regional refining capacity. Further the report also offers recent developments and latest contracts awarded in the refining industry across different countries.

GET SAMPLE REPORT @ <https://www.wiseguyreports.com/sample-request/971974-refining-industry-outlook-in-europe-to-2021-capacity-and-capital-expenditure>

Scope

- Updated information relating to all active and planned refineries
- Provides historical data from 2011 to 2016, forecast to 2021
- Information on refining, FCC, hydrocracking and coking capacities by refinery and country
- Provides operator information for all active and planned refineries
- Latest developments and contracts related to refineries across different countries

Reasons to buy

- Obtain the most up to date information available on all active and planned refineries in Europe
- Identify growth segments and opportunities in the industry
- Facilitate decision making on the basis of strong historical and forecast of refinery and unit capacity data
- Assess your competitor's refining portfolio
