

Lead Mining Market and Chromium Mining Industry Key Players Analysis with 2020 Forecasts Research Report

Latest market research report on "Global Lead Mining to 2020" and "Global Chromium Mining to 2020" available with OrbisResearch.com.

DALLAS, TEXAS, UNITED STATES, February 17, 2017 /EINPresswire.com/ -- GlobalData's new report, "Global Lead Mining to 2020", provides global lead reserves by country, by major operating mines and grade; historic and forecast data on global lead mine production, lead metal consumption and price. The report also covers factors affecting the demand for lead and region-wise data on active, exploration and development lead projects. It also gives profile of largest lead mining companies in the world.

Browse the complete report at <http://www.orbisresearch.com/reports/index/global-lead-mining-to-2020>

Scope

- Information on global lead reserves by country, reserves by major operating mines and lead grade.
- Historic and forecast lead mine production, lead metal consumption and price data from 2000 to 2020.
- Comprehensive information of major operating lead mines in Asia-Pacific (APAC), Europe, Oceania, Middle East and Africa (MEA), South and Central America (SCA), North America (NA) and Former Soviet Union (FSU)
- Comprehensive information of major exploration and development lead projects in APAC, Europe, Oceania, MEA, SCA, NA and FSU.
- Obtain various factors affecting the global lead industry and demand for the commodity.
- Company profile, including company overview, business description and information on current and upcoming lead projects.

Request a sample of this report at <http://www.orbisresearch.com/contacts/request-sample/207801> .

Key companies listed in the report are Glencore Plc, Teck Resources Ltd, Silvercorp Metals, Inc., South32 Ltd.

Reasons to buy

- Get an overview of global lead reserves and bifurcation by country, selected operating mines and lead grade.
- Obtain historic (2000-2015) and forecast data on lead mine production, lead metal consumption and prices to 2020.
- Identify various factors that drive and affect the lead demand.
- Information about various active, exploration and upcoming lead projects with bifurcation by region.
- Identify and understand various companies operating in the global lead mining industry with complete profile and business description.

GlobalData's new report, "Global Chromium Mining to 2020", provides global chromite reserves by country, by major operating mines and grade; historic and forecast data on global chromium ores and concentrates production. The report also includes the major exporters and importers of chromium ores and concentrates, factors affecting the demand for chromium, profiles of major chromium producing companies in the world and region-wise data on the active, exploration and development chromium projects.

Browse the complete report on Chromium Mining Industry @ <http://www.orbisresearch.com/reports/index/global-chromium-mining-to-2020> .

Key companies listed in the report are Glencore Plc, Merafe Resources Ltd, Odisha Mining Corporation Ltd, Yildirim Group.

Scope

- Information on global chromite reserves by country, reserves by major operating mines and grade.
- Historic and forecast chromium ores and concentrates production from 2000 to 2020.
- Comprehensive information of major operating chromium mines in Asia-Pacific (APAC), Middle East and Africa (MEA) and other selected countries.
- Comprehensive information of major exploration and development chromium projects in APAC, Europe, Oceania, MEA, and North America (NA).
- Comprehensive information of major development chromium projects in APAC, NA, FSU and MEA.
- Major exporters and importers of chromium ores and concentrates
- Obtain various factors affecting the global chromium industry and demand for the commodity.
- Company profile, including company overview, business description and information on current and upcoming chromium projects.
