

Electric Vehicle Market Global Key Vendors, Manufacturers, Suppliers and Analysis Market Report 2027

Global Electric Vehicle Market, by Type (PHEVs, BEVs, HEVs), by Component (Battery, Automotive parts, Sub-assembly), by Manufacturing Process - Forecast 2027

PUNE, MAHARASHTRA, INDIA, February 17, 2017 /EINPresswire.com/ -- Market Scenario

Major key Players include Nissan motors, Tesla Corporation, General motors, Mitsubishi Motors, Volkswagen, Daimler AG, Smith electric Vehicle, Bosch GmbH, Delphi Automotive plc.”
Market Research Future

The major growth driver of [Electric Vehicle Market](#) includes growing integration of electric vehicles within the product portfolio of OEMs, collaboration of e-mobility value chain, growing infrastructure, and innovative government regulations and subsidies among others. However, high cost of electric vehicle and high charging time of vehicle are the factors which are hindering the growth of Electric Vehicle Market.

Segments

Segmentation by Type:

- HEVs (Hybrid Electric vehicle),
- BEVs (Battery electric vehicle)
- PHEVs (Plug-in hybrid electric vehicles)

Segmentation by Components:

- Batteries,
- Sub-assemblies,
- Automotive parts among others.

Segmentation by Manufacturing Process:

- Raw materials,
- Design,
- Assembly,
- Quality control.

Key Players

- Nissan motors (Japan),
- Tesla Corporation (U.S.),
- General motors (U.S.),
- Mitsubishi Motors (Japan),
- Volkswagen (Germany),
- Daimler AG (Germany),
- Smith electric Vehicle (U.S.),
- Bosch GmbH (Germany),
- Delphi Automotive plc.(U.K.) among others

Taste the market data and market information presented through more than 50 market data tables and figures spread in 110 numbers of pages of the project report. Avail the in-depth table of content TOC & market synopsis on "[Electric Vehicle Market Research Report- Global Forecast to 2027](#)"

Industry News:

- Growing sales of electric vehicles is developing demand for Cobalt metal which is a key component of Lithium-ion batteries.
- Recently in 2016, Nissan announced to expand its free charge promotional activities to compete with Tesla and other automotive competitors.
- Samsung SDI and LG Chem Ltd. Got failed in getting battery certifications from China. They are going to resubmit the application for certification in end of year 2016.
- Volkswagen is planning to launch 30 new electric models by 2025 to reposition itself as a leader in green transport.

Objective of Electric Vehicle Market Study:

- To provide detailed analysis of the market structure along with forecast for the next 10 years of the various segments and sub-segments of the global Electric Vehicle Market.
- To provide insights about factors affecting the market growth.
- To Analyze the Electric Vehicle Market based on various factors- price analysis, supply chain analysis, porters five force analysis etc.
- To provide historical and forecast revenue of the market segments and sub-segments with respect to four main geographies and their countries- North America, Europe, Asia, and Rest of the World (ROW).
- To provide country level analysis of the market with respect to the current market size and future prospective
- To provide country level analysis of the market for segment by type, applications and sub-segments.
- To provide strategic profiling of key players in the market, comprehensively analyzing their core competencies, and drawing a competitive landscape for the market

Reasons to Purchase this report:

From an insight perspective, this research report has focused on various levels of analyses—industry analysis (industry trends), market share analysis of top players, supply chain analysis, and company profiles, which together comprise and discuss the basic views on the competitive landscape, emerging and high-growth segments of the Electric Vehicle Market, high-growth regions, and market drivers, restraints, and opportunities

Key questions answered in this report

- What will the market size be in 2027 and what will the growth rate be?
- What are the key market trends?
- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?
- What are the market opportunities and threats faced by the key vendors?
- What are the strengths and weaknesses of the key vendors?
