

World Hadoop Market Outlook with Analysis and Forecast by 2021 - Orbis Research

OrbisResearch.com has published new research report on "World Hadoop Market-Opportunities and Forecasts by 2021" to its database.

DALLAS, TEXAS, U.S.A., February 17, 2017

/EINPresswire.com/ -- Hadoop is a distributed processing technology used for big data analysis. The [World Hadoop Market](#) has witnessed dynamic growth in the recent years, as Hadoop is cost effective and more efficient as compared to traditional data analysis tools such as RDBMS. In 2015, North America accounted for the largest share of the overall market revenue. However, the European market is anticipated to witness the fastest growth of Hadoop based data management and analytics technology during the forecast period.
