RightFitPlans.com, (Agents Legacy Group, LLC), is a self-service, no cost, "Do It Yourself" Medicare enrollment platform for seniors.

BEDFORD, TEXAS, UNITED STATES, February 19, 2017 /EINPresswire.com/ -- RightFitPlans.com, (Agents Legacy Group, LLC), recently launched a self-service, no cost, "Do It Yourself" Medicare enrollment platform for seniors. They currently serve Texas, Oklahoma, Colorado and New Mexico. Seniors can now compare, choose and enroll in Medicare insurance plans online without having to be tech savvy. Seniors eligible for Medicare may now enroll from wherever and whenever, (with a valid enrollment period), it is convenient for them. Using a home computer, tablet or phone they are now just a click away from enrolling in a Medicare insurance plan.

Medicare Supplement and Medicare Advantage Plans are necessary policies for seniors to consider. By helping policyholders pay for the various "gaps" (coinsurance fees, copayments, and deductibles) found in Original Medicare, a Medigap or a Medicare Advantage policy allows seniors to manage and secure their finances in a much more organized and cost conscious manner. Senior citizens now have the ability to educate themselves on the RightFitPlans.com enrollment system. Unlike most Medicare plan comparison sights their platform not only lets them compare and chose a plan but, it also lets them fluidly enroll online in that plan as well.

By comparing Medicare Insurance plans and rates, seniors can find which insurance plan is the "right fit" plan for them. Rightfitplans.com is a Bedford Texas company that has launched an online platform to provide seniors with a way to do plan by plan comparisons, including prescription drugs, of Medicare insurance plans. This includes Medicare Advantage, Medigap, and Prescription Drug Plans. The website was designed to empower seniors by informing them of their options to go along with Medicare. This includes plans, pricing, and online enrollment.

Rightfitplans.com helps seniors find the "right fit" Medicare insurance plan for their lifestyle and budget. This Medicare plan will be responsible for helping them with their medical bills and medication costs. Senior citizens are more likely to have higher medical and medication costs. With those high costs comes the importance of making an informed decision. If they were to choose the wrong plan, it

could potentially cost them hundreds or even thousands of dollars more a year. Choosing the plan that is the “right fit” will ultimately not just benefit their health but also their pocketbook as well.

Their [plan comparison website](#) makes it so easy to read and compare, it is easily understood. This makes their website better than competing sites and presents the information on the various rates and plan choices in a simple manner. Seniors can even compare plans and rates without having to make an account. There is no need to worry about them contacting prospects without their permission and they will not give out clients' information to anyone else. Clients using RightFitPlans.com online enrollment platform can be their own agent.

Rightfitplans.com is there to assist by providing seniors with relevant and updated Medicare insurance plans and pricing. Along the way, if someone needs assistance they have experienced, licensed, Agents standing by on the phones. These professional Agents will help, guide and answer any questions a client has.
