

Automotive HVAC Market will generate new growth opportunities by 2022: Vendors- Denso Corp, Valeo SA and Behr

Automotive HVAC Market Information by technology, by Vehicle type, by application, by region, Automotive HVAC Market is High efficiency systems use less fuel

PUNE, MAHARASHTRA, INDIA, February 20, 2017 /EINPresswire.com/ --

[Automotive HVAC](#) is a system combining three major functions such as heating, ventilation and air-conditioning. Factors such as increasing demand for thermal

insulations for energy efficient applications, and growth in the automotive sector are driving the market of Automotive HVAC. Recent trend shows that Companies, such as Audi, Mercedes, and BMW, focus on customized and consumer-friendly HVAC systems and supports automatic air conditioning, fogging sensor, and automatic climate control system.

Key Players : HVAC market report include Denso Corp, Valeo SA, Behr GmbH, Halla Climate Control Corp., Delphi Automotive, Visteon Corp., Sanden Corp."

Due to least level of human intervention, the automatic HVAC systems are being installed in large extent, especially in premium and luxury segment passenger vehicles. Additionally, R&D focuses on automotive HVAC market for improving fuel efficiency, reducing environmental effect

and lowering the weight of HVAC system. Government initiatives act as a driving factor for the growth of Automotive HVAC market. Awareness about the environment in countries such as China and India lead to the growth of Automotive HVAC market.

Key Players

- Denso Corp
- Valeo SA
- Behr GmbH
- Hella Climate Control Corp.
- Delphi Automotive
- Visteon Corp.
- Sanden Corp.
- Air International Thermal Systems
- Datsun Kansei
- DelStar Technologies.

Market Research Analysis:

The Asia-Pacific region dominating the market of Automotive HVAC. Presence of automobile manufacturers and growing demand for automobiles in developing countries such as China and India. Increasing adoption of premium automobile brands in developing nation such as India and Brazil provides growth opportunities for industry players. Whereas, Japan referred as one of the largest automobile manufacturing companies in the world such as Toyota and Honda. Increasing production capacities, investment in R&D and requirement for hybrid technology drive the HVAC automotive market. Moreover, favorable government policies pushing the market towards growth. Moreover, demand for effective thermal systems in electric and hybrid powertrains.

Segmentation:

By technology - Manual and Automatic

By Vehicle type - Passenger vehicle and Commercial vehicle

By Application - residential, commercial, industrial and other

By Region - North America, Europe, Asia-Pacific and Row

Scope of the report

This study provides an overview of the global Automotive HVAC industry, tracking three market segments across four geographic regions. The report studies key players, providing a five-year annual trend analysis that highlights market size, volume and share for North America, Europe, Asia Pacific, and Rest of the World. The report also provides a forecast, focusing on the market opportunities for the next five years for each region. The scope of the study segments the global Automotive HVAC market as type, component, and application. On the basis of technology it is segmented as manual and automatic. On the basis of Vehicle type it is segmented as passenger vehicle and commercial vehicle. On the basis of component it is segmented as pipes, ducts and others.

Taste the market data and market information presented through more than XX market data tables and figures spread in 118 numbers of pages of the project report. Avail the in-depth table of content TOC & market synopsis on "Global Automotive HVAC Market Information from 2014 to 2022"

Asia pacific will be the largest market

Asia pacific is dominating the Automotive HVAC market. China, India are the leading region for Automotive HVAC market. Growth in demand for HVAC system and increasing awareness of energy efficiency are the major factors which spur the market in this segment. Additionally, the high-tech sound absorbing materials in modern systems as well as it helps to remove air impurities and simply create a more pleasant and healthy breathing environment. Asia Pacific shows growth in electric motors.

Table of Content

- 1 Market Introduction□
- 2 Research Methodologies
 - 2.1 Research Technology
 - 2.2 Primary Researchpt
- 3 Market Dynamics
 - 3.1 Introduction
 - 3.2 Market Drivers
- 4 Executive Summaries
- 5. Market Factor Analysis
 - 5.1 Porter's Five Forces Analysis
 - 5.2 Supply Chain Analysis
- 6 Global Automotive HVAC Market
 - 6.1 Introduction
 - 6.2 Market Statistics
- 7 by Technology
 - 7.1 Manual
 - 7.2 Automotive
- 8 by Vehicle Type
 - 8.1 Passenger Vehicle
 - 8.2 Commercial Vehicle
- 9 by Geography
 - 9.1 North America
 - 9.2 Europe
 - 9.3 Asia-Pacific
 - 9.5 Rest of the World
- 10 Competitive Analyses
- Continued....

About Market Research Future

At Market Research Future (MRFR), we enable our customers to unravel the complexity of various industries through our Cooked Research Report (CRR), Half-Cooked Research Reports (HCRR), Raw Research Reports (3R), Continuous-Feed Research (CFR), and Market Research &

Consulting Services.
