

Blow Molded Plastic Bottles 2017 Global Market Expected To Grow At CAGR Of 3.51% And Forecast To 2021

Wiseguyreports.Com Publish New Report On-“Blow Molded Plastic Bottles 2017 Global Market Expected To Grow At CAGR Of 3.51% And Forecast To 2021”.

PUNE, INDIA, February 21, 2017
/EINPresswire.com/ --

[Blow Molded Plastic Bottles Market](#) 2017

The analysts forecast the global blow molded plastic bottles market to grow at a CAGR of 3.51% during the period 2017-2021.

Plastics that can be molded into several sizes and shapes or forms are classified as blow molded plastics. Injection blow molding, rotational blow molding, and extrusion blow molding are the different types of technologies used in the production of blow molded plastic bottles. The major categories of plastics used for such productions include polyethylene terephthalate (PET), polyethylene (PE), polypropylene (PP), and polyvinyl chloride (PVC). Blow molded plastics are used in a wide range of industries such as packaging, electronics, automotive, and transportation.

Covered in this report

The report covers the present scenario and the growth prospects of the global blow molded plastic bottles market for 2017-2021. To calculate the market size, the report considers the revenue generated from the sales of blow molded plastic bottles.

The market is divided into the following segments based on geography:

- Americas
- APAC

- EMEA

Request a Sample Report @ <https://www.wiseguyreports.com/sample-request/932047-global-blow-molded-plastic-bottles-market-2017-2021>

The report, Global Blow Molded Plastic Bottles Market 2017-2021, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

Key vendors

- Alpha Packaging
- APEX Plastics
- Plastipak Holdings
- Sidel
- Silgan Holdings

Other prominent vendors

- Amcor
- Bemis
- Berry Plastics
- Constantia Flexibles
- Coveris
- First American Plastic
- Graham Packaging
- Hassan Plas Packaging
- HTI plastics
- Linpac Group
- R&D Molders
- Resilux
- RPC Group
- Sonoco
- Streamline Plastic

Market driver

- Increased demand for a variety of beverages
- For a full, detailed list, view our report

Market challenge

- Constraints on expansion of production
- For a full, detailed list, view our report

Market trend

- Increased adoption of lightweight rigid plastics to reduce transportation costs
- For a full, detailed list, view our report

Key questions answered in this report

- What will the market size be in 2021 and what will the growth rate be?
- What are the key market trends?
- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?
- What are the market opportunities and threats faced by the key vendors?
- What are the strengths and weaknesses of the key vendors?

Table of Contents

PART 01: Executive summary

PART 02: Research Methodology

PART 03: Introduction

- Key market highlights

PART 04: Market landscape

- Market overview
- Market size and forecast
- Five forces analysis

PART 05: Market segmentation by type of materials

- Global blow molded plastic bottles market by type of materials
- Global blow molded PET plastic bottles market
- Global blow molded PE plastic packaging market

PART 06: Market segmentation by end-user

- Global blow molded plastic bottles market by end-user
- Global blow molded plastic bottles market in beverage industry
- Global blow molded plastic bottles market in household industry
- Global blow molded plastic bottles market in personal care industry
- Global blow molded plastic bottles market in other industries

PART 07: Buying criteria

PART 08: Geographical segmentation

- Global blow molded plastic bottles market by geography
- Blow molded plastic bottles market in Americas
- Blow molded plastic bottles market in APAC
- Blow molded plastic bottles market in EMEA

PART 09: Market drivers

- Increased demand for a variety of beverages
- Emergence of single-serve packs
- Growing demand from healthcare sector for packaging medical products

PART 10: Market challenges

- Shift toward flexible and paperboard packaging formats
- Constraints on expansion of production
- Stringent government regulations

PART 11: Impact of drivers and challenges

PART 12: Market trends

- Increased adoption of lightweight rigid plastics to reduce transportation costs
- Shift in focus toward recycling PET
- Popularity of biodegradable rigid plastic materials due to stringent environmental compliance regulations
- Recycling of HDPE bottles
