

Nu-Wood Launches Easy-Install PVC Column Wraps

SYRACUSE, INDIANA, USA, February 21, 2017 /EINPresswire.com/ -- Nu-Wood™, a leading industry synthetic millwork manufacturer, has introduced a series of Made in America PVC Column Wraps. The precision-manufactured PVC wraps are designed to surround support structures to provide design elegance to interior and exterior settings.

Available in both tapered and non-tapered designs, the PVC Column Wraps feature solid PVC with [Nu-Wood's](#) exclusive lock-mitered corners for easy installation. The low-maintenance pieces come in raised and recessed flat panels, along with smooth/plain and fluted profiles.

PVC Column Wraps from Nu-Wood easily enhance a home exterior.

"These column wraps install quickly and easily on the job site around ugly structural posts," says Randy Miller, director of sales for Nu-Wood, a Jasper Plastics company. "The secure lock mitered corners assures a firm connection. The easy-to-install wraps can quickly transform the look of a basement setting, exterior deck posts and porch columns."

“

These column wraps install quickly and easily on the job site around ugly structural posts for both interior and exterior enhancements for a home.”

Randy Miller, Nu-Wood

Used for both new construction and remodeling projects, the white PVC Column Wraps from Nu-Wood come with optional cap and base trim plus intermediate accent bands.

As part of the Nu-Wood Classic Color Program, the PVC Column Wraps can be ordered with any one of more than 1,500 Sherwin-Williams paint colors. Touch-up paint kits are included with each order.

"We can ship these beautiful, custom-painted PVC Column

Wraps in any Sherwin-Williams color imaginable --- from Relaxed Khaki to Adriatic Sea to Wisteria," says Miller. "This saves builders and remodelers additional time and effort on the job site because the column wraps come out of the box immediately ready to install."

Nu-Wood, a Jasper Plastics company, has created easy-to-install decorative millwork for more than 30 years. The company produces polyurethane, PVC, faux stone and brick products that are all proudly sourced, designed and manufactured in America. Lightweight Nu-Wood products resist peeling, rot, moisture and insects, making them an ideal decorative accent product for the exterior

and interior of residential and commercial projects. For more information, visit www.nu-wood.com or call 574-534-1192.
