[About Colorado Companies to Watch](#)

Colorado Companies to Watch (CCTW), presented by CapitalValue Advisors, is an awards program honoring 2nd stage companies headquartered in the state of Colorado. The 400 companies that have been honored since the program's inception demonstrate high performance in the marketplace or exhibit innovative products or processes. The program is designed to seek businesses from a wide range of industries throughout the state, not just the major metropolitan areas. The 50 companies selected each year make an astounding impact on Colorado's economy by collectively providing thousands of jobs and contributing hundreds of millions of dollars in revenue. The Colorado Office of Economic Development and International Trade (OEDIT) launched the program in 2009 in conjunction with the Edward Lowe Foundation and valuable community partners from across Colorado.
