

# Protective Relay Industry Growth 6% CAGR by 2027 – Analysis, Technologies & Forecasts Research

*Global Protective Relay Market Information by Voltage Range , by Type , by End User (Marine, Renewable, Utilities), and Region - Forecast to 2027*

PUNE, MAHARASHTRA, INDIA, February 22, 2017 /EINPresswire.com/ -- Market Highlights

The Protective relay market is expected to register a CAGR of around 6% during the forecast period. Ongoing Substation Automation projects are expected to induce growth in the

Protective Relay market. The growing need of Electric Power in developed as well as developing nations will result in an imminent growth in the Protective relay market.

## Segmentation

Key Players : General Electric (U.S.), Littelfuse Inc., Eaton Corporation Plc , Beckwith Electric Co. Inc., ZIV Inc. (U.S.), Schweitzer Engineering Laboratories , Schneider Electric , Alstom Group ,”

*Market Research Future*

The Protective Relay Market can be categorized on the basis of Voltage as: High, Medium and Low. On the basis of Protection Mechanism it can be categorized as: Feeder, Transmission Line, Motor, Transformer, Generator, and Busbar. On the basis of End User it can be segmented as: Marine, Renewable, Utilities. On the basis of regions it can be segmented as North America, South America, Europe, Asia-Pacific, Middle East and Africa.

#### Study Objectives of Protective Relays

- To provide detailed analysis of the market structure along with forecast for the next 10 years of the various segments and sub-segments of the global Protective Relay market
- To provide insights about factors affecting the market growth
- To Analyze the Protective Relay Market based on various factors- price analysis, supply chain analysis, porters five force analysis etc.
- To provide historical and forecast revenue of the market segments and sub-segments with respect to four main geographies and their countries- North America, Europe, Asia, South America, Middle East & Africa
- To provide country level analysis of the market with respect to the current market size and future prospective
- To provide country level analysis of the market for segment by Type, End-Users, Voltage Range and Regions
