

# 2017-2021 UK Proton Therapy Market Size, Share, Trends, Opportunities & Forecast

*UK Proton Therapy Market is expected to grow with a CAGR of 82% in future*

PUNE, INDIA, February 28, 2017 /EINPresswire.com/ -- [United Kingdom Proton Therapy Industry](#)

## Key Companies Covered

1. IBA (Overview, Sales Analysis)
2. Varian Medical Systems (Overview, Sales Analysis)
3. Elekta (Overview, Sales Analysis)

United Kingdom (UK) Proton Therapy Market, Reimbursement Policy, Patients Treated at Proton Facility & Forecast is a research study published Renub Research. UK Proton Therapy Market is expected to grow with a CAGR of 82% in future. United Kingdom Proton Therapy Market is expected to grow 10 times from its current market in 2016. Currently UK has only one Proton Therapy facility, at Clatterbridge cancer center and it's a 'low-energy' machine, only suitable for treating people with rare eye cancers. Treating more complex cancers requires a 'high-energy' beam, so the NHS covers the cost of sending patients for treatment overseas (in the US or Switzerland) when there's clear evidence that proton beam therapy is the best option. However this scenario is expected to make a drastic change in the next few years as United Kingdom will have at least 6 Proton Therapy Centers.
